ADVERTISING COMPANIES – outdoor – selling space for advertising purposes – including shop, yard or storage operations; the erection, painting, repair and maintenance, or removal of signs; bill posting; and sign painting or lettering in or upon buildings or structures **9549**

This classification includes the production of signs, banners and related products by advertising companies and the operation of mobile billboard trucks (mobile advertising signs).

The application of painted or adhesive lettering or graphics onto surfaces on a fee basis or onto customer vehicles by employers engaged in sign painting or lettering shall be classified as 9507, *Sign Painting or Lettering and Quick Sign Shops*.

The display of hand-held advertisement signs and walking billboards (human sign holders) at locations, including but not limited to sidewalks and street corners shall be classified as 8742, *Salespersons – Outside*, subject to the Standard Exceptions rule. See Section III, Rule 4, *Standard Exceptions*.

AERIAL LINE CONSTRUCTION – by contractor – not power lines **7601**

This classification applies to the construction, maintenance or repair of aerial lines for telephone, television, communication, data, fire alarm or similar low voltage or fiber optic networks. Such operations include but are not limited to erecting poles, stringing wires, installing transmission equipment on poles and making service connections. This classification also applies to splicing overhead telephone or cable television lines.

The construction, maintenance or repair of aerial lines by electric power companies or Federal Communications Commission licensed telephone or cable television companies in connection with their own operations shall be classified as 7539, *Electric Power Companies*, or 7600, *Communication Service Providers*.

Splicing fiber optic cables at ground level for other concerns on a fee basis shall be classified as 5195, *Communications Cabling*.

Underground line construction for other concerns on a fee basis shall be classified as 6325, *Conduit Construction or Underground Wiring*.

The construction of high voltage aerial power lines for other concerns on a fee basis shall be separately classified as 7538, *Electric Power Line Construction*.

AIR CONDITIONING OR REFRIGERATION EQUIPMENT MFG. **3165(1)**

This classification applies to the manufacture or shop repair of commercial refrigeration equipment, air conditioners, air conditioning coils, evaporative coolers, ice vending machines, automobile air conditioning units or laminar clean air systems.

The installation, service or repair of commercial refrigeration equipment, when any portion of these operations is performed away from the shop, shall be classified as 5183(2)/5187(2), *Refrigeration Equipment – not household units*.

The manufacture or shop repair of self-contained metal refrigerators or freezers, refrigerated drink dispensing machines, refrigerated drinking fountains or refrigerated ice cream cabinets shall be classified as 3165(2), *Refrigerator Mfg.*

The installation, service or repair of heating or air conditioning equipment, when any portion of these operations is performed away from the shop, shall be classified as 5183(3)/5187(3), *Heating or Air Conditioning Equipment*, provided no ductwork installation is performed by the employer at the same job or location. The installation or repair of heating or air conditioning

Part 3 – Standard Classification System**Section VII – Standard Classifications**

equipment where ductwork installation is performed by the employer at the same job or location shall be classified as 5538(2)/5542(2), *Heating or Air Conditioning Ductwork*.

The installation, service or repair of household refrigerators, freezers, dehumidifiers, or portable air conditioning units shall be classified as 9519(1), *Household Appliances*.

The installation or repair of automobile air conditioning systems or truck refrigeration units involving work directly on automobiles or trucks shall be classified as 8389, *Automobile or Truck Repair Facilities*.

AIRCRAFT ENGINE MFG. OR REBUILDING**3805(1)**

This classification applies to manufacturing or rebuilding aircraft engines when such operations are not performed in connection with aircraft manufacturing.

The repair, rebuilding or modification of aircraft engines, when performed directly on the aircraft or in connection with the removal and reinstallation of engines, components or accessories by the same employer shall be classified as 7428(3), *Aircraft Remanufacture, Conversion, Modification and Repair Companies*.

The manufacture or repair of machined aircraft components or accessories (not aircraft engines) by employers approved by the Federal Aviation Administration, when such operations are not performed directly on the aircraft or in connection with the removal and reinstallation of engines, components or accessories by the same employer, shall be classified as 3831, *Machine Shops – aircraft components*.

AIRCRAFT OPERATION

Refer to Section IV, *Special Industry Classification Procedures*, Rule 1, *Aircraft Operation*.

AIRCRAFT OPERATION – agricultural – dusting, spraying or seeding – members of the flying crew**7409**

This classification applies to members of the flying crew of employers engaged in the aerial application of materials, including but not limited to pesticides, insecticides, fungicides, fertilizers, herbicides and seeds onto farmlands. This classification also includes the aerial application of insecticides for mosquito control purposes.

Also refer to companion Classification 7410, *Aircraft Operation – agricultural – dusting, spraying or seeding – not members of the flying crew*.

AIRCRAFT OPERATION – agricultural – dusting, spraying or seeding – not members of the flying crew**7410**

This classification applies to the ground operations of employers engaged in the aerial application of materials, including but not limited to pesticides, insecticides, fungicides, fertilizers, herbicides and seeds onto farmlands. This classification also includes the ground operations of employers engaged in the aerial application of insecticides for mosquito control purposes. Ground operations include but are not limited to mixing and loading materials onto the aircraft, directing pilots during application of materials and aircraft fueling, service and repair.

This classification also applies to the operating crew of Unmanned Aircraft Systems (aerial drones) with an aircraft system and payload total combined weight of 55 pounds or heavier used for agricultural operations, including but not limited to dusting, spraying and seeding, in accordance with the General Exclusions rule. See Section III, Rule 6, *General Exclusions*.

The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier used for other than agricultural operations shall be separately classified as 7428(1), *Aircraft Operation – other than agricultural or scheduled air carriers – not members of the flying crew*, in accordance with the General Exclusions rule. See Section III, Rule 6, *General Exclusions*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds shall be classified in accordance with Section III, Rule 5, *General Inclusions*.

The shop repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier by the manufacturer shall be classified as 3830(2), *Unmanned Aircraft System Mfg.*

The repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier on a fee basis, or repair work performed by the manufacturer away from shop shall be classified as 7428(3), *Aircraft Remanufacture, Conversion, Modification and Repair Companies*.

Unmanned Aircraft Systems (aerial drones) operating crew members working remotely from a home or office location with no exposure outside of the clerical office shall be classified as 8810, *Clerical Office Employees*, or 8871, *Clerical Telecommuter Employees*, subject to the Standard Exceptions rule. See Section III, Rule 4, *Standard Exceptions*.

Also refer to companion Classification 7409, *Aircraft Operation – agricultural – dusting, spraying or seeding – members of flying crew*.

AIRCRAFT OPERATION – flight schools and pilot training – members of the flying crew	7424(2)
--	----------------

This classification applies to members of the flying crew of employers that provide flight instruction or training.

Instructors who are not members of the flying crew shall be separately classified as 8868, *Colleges or Schools – private – not automobile schools – professors, teachers, or academic professional employees*.

Also refer to companion Classification 7428(2), *Aircraft Operation – flight schools and pilot training – not members of the flight crew*.

AIRCRAFT OPERATION – flight schools and pilot training – not members of the flying crew – including gate and ticket counter personnel at airports	7428(2)
--	----------------

This classification applies to the ground operations of employers that provide flight instruction or training. Ground operations include but are not limited to loading or unloading baggage or freight; assisting passengers with boarding or disembarking the aircraft; assisting passengers with ticket information or checking baggage; and aircraft fueling, service or repair.

Instructors who are not members of the flying crew shall be separately classified as 8868, *Colleges or Schools – private – not automobile schools – professors, teachers or academic professional employees*.

Also refer to companion Classification 7424(2), *Aircraft Operation – flight schools and pilot training – members of the flying crew*.

AIRCRAFT OPERATION – other than agricultural or scheduled air carriers – members of the flying crew – N.O.C.	7424(1)
---	----------------

This classification applies to members of the flying crew of employers engaged in aircraft operations that are not more specifically described by another *Aircraft Operation* Industry Group classification, including but not limited to charter passenger or cargo air transport; air ambulance services; air freight services (nonscheduled); aerial firefighting; aerial exhibitions; aerial patrol; aerial advertising, skywriting, sightseeing and survey work; aerial log lifting and transport; and aerial news reporting.

Also refer to companion Classifications 7428(1), *Aircraft Operation – other than agricultural or scheduled air carriers – not members of the flying crew*, and 7428(3), *Aircraft Remanufacture, Conversion, Modification and Repair Companies*.

Part 3 – Standard Classification System**Section VII – Standard Classifications****AIRCRAFT OPERATION – other than agricultural or scheduled air carriers – not members of the flying crew – including gate and ticket counter personnel at airports – N.O.C. 7428(1)**

This classification applies to the ground operations of employers engaged in aircraft operations not more specifically described by another *Aircraft Operation* Industry Group classification, including but not limited to charter passenger or cargo air transport; air ambulance services; air freight services (nonscheduled); aerial firefighting; aerial exhibitions; aerial patrol; aerial advertising, skywriting, sightseeing or survey work; aerial log lifting and transport; and aerial news reporting. Ground operations include but are not limited to loading or unloading baggage or freight; assisting passengers with boarding or disembarking the aircraft; assisting passengers with ticket information or checking baggage; and aircraft fueling, service or repair.

This classification also applies to the operating crew of Unmanned Aircraft Systems (aerial drones) with an aircraft system and payload total combined weight of 55 pounds or heavier used for other than agricultural operations, in accordance with the General Exclusions rule. See Section III, Rule 6, *General Exclusions*.

The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier used for agricultural operations, including but not limited to dusting, spraying or seeding, shall be separately classified as 7410, *Aircraft Operation – agricultural – dusting, spraying or seeding – not members of the flying crew*, in accordance with the General Exclusions rule. See Section III, Rule 6, *General Exclusions*.

The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds shall be classified in accordance with Section III, Rule 5, *General Inclusions*.

The shop repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier by the manufacturer shall be classified as 3830(2), *Unmanned Aircraft System Mfg.*

The repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier on a fee basis, or repair work performed by the manufacturer away from shop shall be classified as 7428(3), *Aircraft Remanufacture, Conversion, Modification and Repair Companies*.

Unmanned Aircraft Systems (aerial drones) operating crew members working remotely from a home or office location with no exposure outside of the clerical office shall be classified as 8810, *Clerical Office Employees*, or 8871, *Clerical Telecommuter Employees*, subject to the Standard Exceptions rule. See Section III, Rule 4, *Standard Exceptions*.

Instructors who are not members of the flying crew shall be separately classified as 8868, *Colleges or Schools – private – not automobile schools – professors, teachers or academic professional employees*, and ground photographic laboratory employees shall be separately classified as 4361(1), *Photographers*.

Also refer to companion Classification 7424(1), *Aircraft Operation – other than agricultural or scheduled air carriers – members of the flying crew*.

AIRCRAFT OPERATION – scheduled passenger or cargo air carriers – members of the flying crew 7405

This classification applies to members of the flying crew of commercial airlines engaged in the air transport of passengers or cargo on a scheduled basis. This classification also applies to members of the flying crew of airlines or aircraft operators that operate scheduled air routes on a contract basis.

Members of the flying crew in support of passenger or cargo air transport on a charter basis shall be classified as 7424(1), *Aircraft Operation – other than agricultural or scheduled air carriers – members of the flying crew*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Also refer to companion Classification 7403, *Aircraft Operation – scheduled passenger or cargo air carriers – not members of the flying crew.*

AIRCRAFT OPERATION – scheduled passenger or cargo air carriers – not members of the flying crew – including gate and ticket counter personnel at airports **7403**

This classification applies to the ground operations of commercial airlines engaged in the air transport of passengers or cargo on a scheduled basis. Ground operations include but are not limited to loading or unloading baggage or freight; assisting passengers with boarding or disembarking the aircraft; assisting passengers with ticket information or checking baggage; and aircraft fueling, service or repair. This classification also applies to ground operations in support of airlines or aircraft operators that operate scheduled air routes on a contract basis.

Ground operations in support of passenger or cargo air transport on a charter basis shall be classified as 7428(1), *Aircraft Operation – other than agricultural or scheduled air carriers – not members of the flying crew.*

Also refer to companion Classification 7405, *Aircraft Operation – scheduled passenger or cargo air carriers – members of the flying crew.*

AIRCRAFT OPERATION – transportation of personnel in the business of an employer not otherwise engaged in aircraft operation – members of the flying crew **7421**

This classification applies to members of the flying crew engaged in the transportation of personnel in the business of an employer not otherwise engaged in aircraft operation and who perform no other operations for the employer. See Part 3, Section IV, Rule 1, *Aircraft Operation.*

AIRCRAFT OR SPACECRAFT MFG. – including foundry operations **3830(1)**

This classification applies to the manufacture of aircraft, including but not limited to fixed wing airplanes and helicopters. This classification also applies to the manufacture of aerospace products, including but not limited to missiles, rockets and other spacecraft. This classification also applies to the manufacture of light sport aircraft or hang gliders.

This classification includes foundry operations performed in connection with the aircraft or spacecraft manufacturing operations.

All members of the flying crew for aircraft operations, including but not limited to test flight operations performed by the manufacturer shall be classified in accordance with Section III, Rule 6, *General Exclusions.*

The manufacture of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier shall be classified as 3830(2), *Unmanned Aircraft System Mfg.*

The manufacture of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds shall be classified as 3681(1), *Instrument Mfg. – electronic.*

The manufacture of communication satellites shall be classified as 3681(3), *Telecommunications Equipment Mfg.*

Aircraft engine manufacturing or rebuilding not in connection with aircraft manufacturing by the same employer shall be classified as 3805(1), *Aircraft Engine Mfg. or Rebuilding.*

Employers that are approved by the Federal Aviation Administration and manufacture or repair machined aircraft components or accessories (not aircraft engines) shall be classified as 3831, *Machine Shops – aircraft components*, provided the employer does not perform such operations directly on the aircraft or remove and reinstall the components or accessories.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The repair, rebuilding or modification of aircraft components or accessories, including aircraft engines, when performed directly on the aircraft or in connection with the removal and reinstallation of components or accessories by the same employer shall be classified as 7428(3), *Aircraft Remanufacture, Conversion, Modification and Repair Companies*.

Aircraft operation, demonstration or flight testing shall be separately classified.

AIRCRAFT REMANUFACTURE, CONVERSION, MODIFICATION AND REPAIR COMPANIES – not engaged in the original manufacturing of aircraft	7428(3)
--	----------------

This classification applies to the repair, rebuilding or modification of aircraft. This classification includes the manufacture or repair of machined aircraft components, accessories or engines when performed directly on the aircraft or in connection with the removal and reinstallation of engines, components or accessories by the same employer. This classification also includes but is not limited to aircraft cleaning, detailing and fueling on a fee basis.

Employers that are approved by the Federal Aviation Administration and manufacture or repair machined aircraft components or accessories (not aircraft engines) shall be classified as 3831, *Machine Shops – aircraft components*, provided the employer does not perform such operations directly on the aircraft or remove and reinstall the components or accessories.

Aircraft engine manufacturing or rebuilding not in connection with aircraft manufacturing by the same employer shall be classified as 3805(1), *Aircraft Engine Mfg. or Rebuilding*.

The shop repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier by the manufacturer shall be classified as 3830(2), *Unmanned Aircraft System Mfg.*

Also refer to companion Classification 7424(1), *Aircraft Operation – other than agricultural or scheduled air carriers – members of the flying crew*.

AIRPORT OPERATORS – including gate and ticket counter personnel at airports	7429
--	-------------

This classification applies to the ground operations of airport operators, including but not limited to tower communications; facility or grounds maintenance; loading or unloading baggage or freight; assisting passengers with boarding or disembarking the aircraft; assisting customers with flight information or scheduling; completing sales transactions; aircraft fueling, service or repair; and airport parking or security.

Instructors who are not members of the flying crew shall be separately classified as 8868, *Colleges or Schools – private – not automobile schools – professors, teachers or academic professional employees*.

In-flight instructors or other members of the flying crew shall be separately classified.

ALCOHOL AND DRUG RECOVERY HOMES

See *Substance Use Disorder Recovery Homes* under Health and Human Services.

ALUMINUM WARE MFG. – from sheet aluminum

See Metal Working Classifications.

AMBULANCE SERVICES – all operations – including medical technicians and attendants and maintenance of vehicles and equipment	7332
---	-------------

This classification applies to the operation of ambulances for the emergency transport of ill or injured people. It also applies to non-emergency transport of persons who require medical supervision while in transit, such as the transport of individuals from hospitals to nursing homes.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Paratransit services for elderly or disabled individuals who do not require medical supervision while in transit shall be classified as 7382, *Bus, Shuttle Van or Limousine Operations*.

AMUSEMENT OR RECREATIONAL FACILITIES – N.O.C. – all employees other than those engaged in the operation or maintenance of amusement devices, restaurants or retail stores **9016(1)**

This classification applies to the operation of amusement or recreational facilities, including but not limited to amusement parks, water parks, miniature golf courses, batting cages, bumper car facilities, archery ranges, water excursions/tours, laser tag, airsoft or paintball facilities, Nordic (cross-country) ski facilities and zoos, including veterinarians employed by zoos.

This classification also applies to the operation of golf driving ranges that are not operated by golf courses or country clubs.

This classification also applies to automobile or horse racetrack operations by employers that are not public agencies.

This classification also applies to the operation of athletic or sports venues, including ballparks and stadiums, during non-sporting activities, including but not limited to concerts and exhibitions.

Boat marinas or boat rental facilities shall be classified as 9016(4), *Boat Marina and Boat Rental Operation*.

Golf courses, country clubs or yacht clubs shall be classified as 9060, *Clubs – country, golf or yacht*.

Traveling carnivals shall be classified as 9185, *Carnivals*.

The operation of events, including but not limited to farmers' markets, flea markets, street fairs, swap meets, art or antique festivals, trade shows (public or private), fun runs, foot races, cycling events, marathons, triathlons and athletic charity events shall be classified as 9095, *Event Market, Festival or Trade Show Operation*.

The operation of racetracks by public agencies shall be classified as 9410/9420, *Municipal, State or Other Public Agency Employees*.

Bowling centers shall be classified as 9092(1), *Bowling Centers*.

Billiard halls shall be classified as 9092(2), *Billiard Halls*.

Skating rinks or skate parks shall be classified as 9092(3), *Skating Centers*.

Also refer to companion Classification 9180(1), *Amusement or Recreational Facilities – N.O.C. – operation or maintenance of amusement devices*.

If an employee who performs duties described by Classification 9016(1) also performs duties described by Classification 9180(1), the payroll of that employee may be divided between Classifications 9016(1) and 9180(1), provided the employer maintains accurate records supported by time cards or time book entries that show such division. See Section V, Rule 3, *Division of Single Employee's Payroll*.

Restaurants, retail stores or hotels shall be separately classified.

AMUSEMENT OR RECREATIONAL FACILITIES – N.O.C. – operation or maintenance of amusement devices – including ticket collectors **9180(1)**

This classification applies to the operation or maintenance of amusement devices at recreational facilities, including but not limited to amusement parks, zoos, water parks, miniature golf courses, batting cages, bumper car facilities, archery ranges, water excursions/tours and laser tag, airsoft or paintball facilities.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

This classification also applies to guided tours for water-based activities or water-based athletic or fitness instructional programs at locations other than swimming pools, including but not limited to surfing, scuba, kayaking, paddle boarding or kite surfing on lakes, bays, rivers or oceans.

This classification also applies to guided wilderness expeditions; motorsports operations; or ski instructors, ski patrol personnel or employees engaged in ski trail grooming at ski resort locations that exclusively provide Nordic (cross-country) skiing activities. This classification also applies to the detonation of fireworks for pyrotechnic displays.

Traveling carnivals shall be classified as 9185, *Carnivals*.

Employers that operate boat marinas or boat rental facilities shall be classified as 9016(4), *Boat Marina and Boat Rental Operation*.

Bowling centers shall be classified as 9092(1), *Bowling Centers*.

Billiard halls shall be classified as 9092(2), *Billiard Halls*.

Skating rinks or skate parks shall be classified as 9092(3), *Skating Centers*.

The operation of Alpine (downhill) ski resorts, including the operation of Nordic (cross-country) ski trails at Alpine ski resort locations, shall be classified as 9184, *Ski Resorts – Alpine*.

Also refer to companion Classification 9016(1), *Amusement or Recreational Facilities – N.O.C. – all employees other than those engaged in the operation or maintenance of amusement devices, restaurants or retail stores*.

If an employee who performs duties described by Classification 9180(1) also performs duties described by Classification 9016(1), the payroll of that employee may be divided between Classifications 9016(1) and 9180(1), provided the employer maintains accurate records supported by time cards or time book entries that show such division. See Section V, Rule 3, *Division of Single Employee's Payroll*.

Restaurants, retail stores or hotels shall be separately classified.

ANALYTICAL OR TESTING LABORATORIES – including outside operations and sample collection – N.O.C.**4511**

This classification applies to the provision of testing or research services for other concerns on a fee basis, including but not limited to the testing of air, water, soil, metal, concrete and other building materials and agricultural products. This classification also applies to fee-based assaying; quality control examination; testing of products such as electronic components; or determining the chemical composition of customer-submitted samples.

This classification also applies to motor vehicle emissions testing (smog tests) at locations where the employer performs no automotive service or repair operations. Motor vehicle emissions testing at locations where the employer performs automotive service or repair operations shall be assigned to the applicable *Automotive Industry Group* classification.

Classification 4511 applies to in-house research and development when such operations are not performed in connection with, or in support of, any other operation of the employer. Research and development that is performed in connection with other operations of the employer are a General Inclusion. See Section III, Rule 5, *General Inclusions*.

The testing of construction building materials, when conducted in connection with consulting engineering performed by the same employer, shall be classified as 8601(1), *Engineers*.

The research of biomedical products shall be classified as 4512, *Biomedical Research Laboratories*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The diagnostic testing of blood, human tissues or other biologic specimens on a fee basis shall be classified as 8834, *Physicians' Practices and Outpatient Clinics*.

APARTMENT OR CONDOMINIUM COMPLEX OPERATION – N.O.C. – not Homeowners Associations – all other employees

See Property Management/Operation.

APARTMENT OR CONDOMINIUM COMPLEX OPERATION – N.O.C. – not Homeowners Associations – property management supervisors

See Property Management/Operation.

APARTMENT OR CONDOMINIUM COMPLEX OPERATION FOR SENIORS – age restricted – not Congregate Living Facilities or Homeowners Associations – all other employees

See Property Management/Operation.

APARTMENT OR CONDOMINIUM COMPLEX OPERATION FOR SENIORS – age restricted – not Congregate Living Facilities or Homeowners Associations – property management supervisors

See Property Management/Operation.

ARMORED TRANSPORT SERVICES – including terminal employees and mechanics 7198(2)

This classification applies to the secure transport of cash or other negotiable securities, jewelry, precious metals or other valuables to customer designated locations using armored vehicles. This classification includes but is not limited to drivers, money sorters and counters, vault clerks and security guards in connection with transportation services.

Security guards that are not in connection with armored transport services shall be classified as 7721(2), *Security Guard or Patrol Services*.

ASBESTOS ABATEMENT – all operations – including shop, yard or storage operations 5473

This classification applies to shop or outside operations involving the encapsulation or removal of asbestos or asbestos-laden building materials from interior or exterior building surfaces, including but not limited to ceilings, walls, floors, structural steel, ducts, boilers, steam pipes and hot water pipes.

Roof removal operations shall be separately classified as 5552/5553, *Roofing*.

Lead paint abatement shall be classified as 5474(1)/5482(1), *Painting or Wallpaper Installation*.

Mold abatement shall be classified as 9008, *Janitorial Services*.

New construction or remodeling operations performed subsequent to the completion of asbestos abatement operations shall be separately classified.

ASPHALT OR TAR DISTILLING OR REFINING – including manufacture of products obtained from such distilling or refining and the saturation of paper or felt with tar or asphalt 4740(2)

This classification applies to the refining of raw asphalt and tar through a series of chemical reactions, including distillation, oxygenation, carbonization and catalytic cracking, to produce liquid asphalt base. The refined asphalt or tar may be combined with additives per customer order.

This classification is not applicable to chemical works or manufacturers of dyes or products used as explosives.

Felt or paper manufacturing or coke burning shall be separately classified.

Part 3 – Standard Classification System**Section VII – Standard Classifications****ASPHALT WORKS – grinding, pulverizing or mixing asphalt****1463(1)**

This classification applies to the production of asphalt. This classification also applies to the manufacture of asphalt roofing shingles or modified bitumen roofing materials.

Crushing or grinding used asphalt or concrete, not performed in connection with the production of asphalt, to produce products that will be retained on an 8-mesh screen shall be separately classified as 1710, *Stone Crushing*. If the crushed or ground products pass through an 8-mesh or finer screen, the crushing or grinding operations shall be separately classified as 1741(1), *Silica Grinding*.

The manufacture of asphalt saturated building or roofing paper or felt shall be classified as 4283, *Building or Roofing Paper or Felt Asphalt Saturation*.

Asphalt distilling or refining shall be classified as 4740(2), *Asphalt or Tar Distilling or Refining*.

Digging, mining or quarrying shall be separately classified.

ATHLETIC TEAMS OR ATHLETIC FACILITIES – all employees other than players, umpires, referees and game officials
9182

This classification applies to employees of athletic teams or parks who are engaged in the care of teams or the care, operation and maintenance of grounds and facilities, including but not limited to coaches and assistant coaches, non-playing managers, trainers, equipment managers, bat and ball retrievers, mascots, dancers, locker room attendants, public address announcers, scorekeepers, timekeepers, ushers, ticket sellers or collectors, parking lot attendants, security staff, and facility and grounds maintenance employees. This classification also applies to employees of youth or recreational athletic teams or facilities.

Athletic scouts shall be classified as 8742, *Salespersons – Outside*, subject to the Standard Exceptions rule. See Section III, Rule 4, *Standard Exceptions*.

The operation of athletic facilities during non-sporting events, including but not limited to concerts and exhibitions shall be classified as 9016(1), *Amusement or Recreational Facilities – N.O.C. – all employees other than those engaged in the operation or maintenance of amusement devices, restaurants or retail stores*.

Players, playing managers, and umpires, referees and game officials who monitor play, shall be classified as 9181, *Athletic Teams or Athletic Facilities – players, umpires, referees and game officials*.

Radio or television broadcasting shall be separately classified as 7610, *Radio, Television or Commercial Broadcasting Stations*.

Also refer to companion Classification 9181, *Athletic Teams or Athletic Facilities – players, umpires, referees and game officials*.

If an employee who performs duties described by Classification 9182 also performs duties described by Classification 9181, the payroll of that employee may be divided between Classifications 9181 and 9182, provided the employer maintains accurate records supported by time cards or time book entries that show such division. See Part 3, Section V, Rule 3, *Division of Single Employee's Payroll*.

Restaurants, retail stores and vendors shall be separately classified.

ATHLETIC TEAMS OR ATHLETIC FACILITIES – players, umpires, referees and game officials
9181

The entire remuneration of each player shall be included, subject to a maximum of \$154,700 per season. When a player works for two or more teams in the same sport during the season, the \$154,700 per player maximum shall be prorated.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

This classification applies to the players, playing managers, and umpires, referees and game officials who monitor play, of professional and amateur athletic teams, including all players on the salary list of the insured whether regularly played or not. This classification also applies to umpires, referees and game officials in connection with youth or recreational athletic teams or facilities.

Season shall include preseason and postseason exposure.

Also refer to companion Classification 9182, *Athletic Teams or Athletic Facilities – all employees other than players, umpires, referees and game officials.*

If an employee who performs duties described by Classification 9181 also performs duties described by Classification 9182, the payroll of that employee may be divided between Classifications 9181 and 9182, provided the employer maintains accurate records supported by time cards or time book entries that show such division. See Section V, Rule 3, *Division of Single Employee's Payroll.*

AUDIO POST-PRODUCTION – computer or electronic – all employees – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons **7607(2)**

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to employers engaged exclusively in computer or electronic audio post-production operations for other concerns in connection with audio or music recording or mixing, or scoring of motion pictures, television features, commercials or similar productions, including dubbing type work and incidental studio recording, on a contract basis.

This classification does not apply to computer or electronic audio post-production operations performed in connection with audio duplication on a contract basis. This classification also does not apply to computer or electronic audio post-production operations performed by the same employer in connection with audio or music recording or mixing, or scoring of motion pictures, television features, commercials or similar productions.

Video post-production operations performed in connection with motion pictures, television features, commercials or similar productions for other concerns on a contract basis shall be classified as 7607(1), *Video Post-Production.*

Audio or music recording studios shall be classified as 7610, *Radio, Television or Commercial Broadcasting Stations.*

AUDIO/VIDEO ELECTRONIC PRODUCTS MFG. – all other employees

See Electronics.

AUDIO/VIDEO ELECTRONIC PRODUCTS MFG. – hardware or software design or development

See Electronics.

AUDITING, ACCOUNTING OR MANAGEMENT CONSULTING SERVICES – all employees – including Clerical Office Employees and Clerical Telecommuter Employees **8803**

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to the provision of accounting or auditing services to other concerns on a fee basis, including but not limited to traveling to customers' locations, reviewing records,

Part 3 – Standard Classification System**Section VII – Standard Classifications**

inventorying assets, preparing tax documents, providing accounting advice and ensuring regulatory compliance of financial records. This classification also applies to consulting firms that provide managerial advice to other concerns on a fee basis.

Consulting firms providing services limited to computer programming or software development to other concerns on a fee basis shall be classified as 8859(1), *Computer Programming or Software Development*.

Law firms that provide legal services on a fee basis shall be classified as 8820, *Law Firms*.

This classification does not apply to accounting, auditing or management consulting operations performed by the same employer in connection with its other separately classified operations.

The installation of shower doors, screen doors or mirrors shall be separately classified as 5146(1), *Cabinet, Fixture or Trim Installation*.

DOOR INSTALLATION – overhead doors**5108**

This classification applies to the installation, service or repair of overhead doors, including tilt-up, sectional and roll up doors for use in residential and commercial buildings, including but not limited to garages, warehouses, storage units, storefronts and aircraft hangars.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The installation of doors other than overhead doors shall be classified as 5107, *Door, Door Frame or Pre-Glazed Window Installation*.

The installation, service or repair of automatic door openers shall be separately classified as 9519(1), *Household Appliances*.

DOOR OR WINDOW FRAME MFG. – metal or plastic**3060(2)**

This classification applies to the manufacture of metal or plastic door or window frames. This classification also applies to the manufacture of metal or plastic frames or components for use in the manufacture of mirrors, skylights, screen doors, window screens, patio covers or sunroom enclosures.

The manufacture of metal, plastic or combination metal, plastic or glass doors or windows shall be classified as 3060(1), *Door or Window Mfg. – metal or plastic*.

The manufacture of metal or plastic framed screen doors or window screens shall be classified as 3060(3), *Door or Window Screen Mfg.*

The installation of prefabricated doors, door frames or pre-glazed windows shall be classified as 5107, *Door, Door Frame or Pre-Glazed Window Installation*, provided such operations are not performed in connection with structures framed by the employer at the same job or location. If the employer is engaged in wood or light gauge steel framing at the same job or location, the installation of doors, door frames or pre-glazed windows at such job or location shall be classified as 5403/5432, *Carpentry*, or 5632/5633, *Steel Framing*.

The installation of unglazed metal window frames shall be classified as 5102, *Iron, Steel, Brass, Bronze or Aluminum Erection*.

The installation of glass panes or insulated glass units within framework in connection with residential or commercial buildings, including the incidental installation of framework and glass cutting at the job site, shall be classified as 5467/5470, *Glaziers*.

The installation of screen doors or window screens shall be separately classified as 5146(1), *Cabinet, Fixture or Trim Installation*.

The manufacture of wood doors or windows shall be separately classified as 2806(1), *Door, Sash or Window Mfg.*

DOOR OR WINDOW MFG. – metal or plastic – including shop glazing**3060(1)**

This classification applies to the manufacture or shop repair of metal, plastic or combination metal, plastic or glass doors or windows, including but not limited to entry doors, patio doors, garage doors, mirrored wardrobe doors, shower doors, revolving doors, casement windows, sliding windows, awning windows and skylights. This classification also applies to the manufacture of metal, plastic or combination metal, plastic or glass tub or shower enclosures, moveable interior wall partitions, bulletin boards or basketball backboards.

The manufacture of metal or plastic door or window frames shall be classified as 3060(2), *Door or Window Frame Mfg.*

The manufacture of metal or plastic framed screen doors or window screens shall be classified as 3060(3), *Door or Window Screen Mfg.*

The installation of prefabricated doors, door frames or pre-glazed windows shall be classified as 5107, *Door, Door Frame or Pre-Glazed Window Installation*, provided such operations are not performed in connection with structures framed by the employer at the same job or location. If the employer is engaged in wood or light gauge steel framing at the same job or location, the installation of doors, door frames or pre-glazed windows at such job or location shall be classified as 5403/5432, *Carpentry*, or 5632/5633, *Steel Framing*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The installation of glass panes or insulated glass units within framework in connection with residential or commercial buildings, including the incidental installation of framework and glass cutting at the job site, shall be classified as 5467/5470, *Glaziers*.

The installation of overhead or roll up doors shall be classified as 5108, *Door Installation*.

The installation of tub or shower enclosures, mirrored wardrobe doors, screen doors or window screens shall be separately classified as 5146(1), *Cabinet, Fixture or Trim Installation*.

The manufacture of wood doors or windows shall be separately classified as 2806(1), *Door, Sash or Window Mfg. – wood*.

DOOR OR WINDOW SCREEN MFG. – metal or plastic framed**3060(3)**

This classification applies to the manufacture of metal or plastic framed screen doors or window screens.

The manufacture of wood framed screen doors or window screens shall be classified as 2806(1), *Door, Sash or Window Mfg. – wood*.

The manufacture of metal, plastic or combination metal, plastic or glass doors or windows shall be classified as 3060(1), *Door or Window Mfg. – metal or plastic*.

The manufacture of metal or plastic door or window frames shall be classified as 3060(2), *Door or Window Frame Mfg. – metal or plastic*.

The installation of screen doors or window screens shall be separately classified as 5146(1), *Cabinet, Fixture or Trim Installation*.

DOOR, SASH OR WINDOW MFG. – wood**2806(1)**

This classification applies to the manufacture of wood doors or windows, including but not limited to prehung doors, garage doors, door cores, door or window frame assemblies and window sash.

This classification also applies to the manufacture of stair components, including but not limited to wood handrails, balusters, treads, bottoms, risers and steps.

When an employer deals in any lumber, building materials or solid combustible fuel materials in addition to products it manufactures, yard operations, including drivers and their helpers, shall be separately classified as 8232(1), *Lumberyards*, 8232(2), *Building Material Dealers*, or 8232(3), *Fuel and Material Dealers*, depending on the products sold.

The manufacture of metal or plastic doors or windows shall be separately classified as 3060(1), *Door or Window Mfg. – metal or plastic*.

The manufacture of metal or plastic door or window frames shall be separately classified as 3060(2), *Door or Window Frame Mfg. – metal or plastic*.

The installation of doors or windows shall be separately classified.

The manufacture of wood or plastic shutters shall be classified as 2806(2), *Shutter Mfg. – wood or plastic*.

DREDGING – including maintenance and repair of dredging equipment**4000(4)**

This classification applies to the removal of silt, sand and gravel from waterways, including but not limited to harbors, marinas, deltas, irrigation canals, lakes, rivers and streams using suction, dragline, clamshell or similar methods.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

For dredging operations conducted on navigable waterways on which interstate or international commerce is conducted, refer to the Advisory California Rules for the Recording and Reporting of United States Longshore and Harbor Workers' Compensation Act Coverage.

The storage and delivery of dredged materials shall be separately classified as 8232(2), *Building Material Dealers*.

DRILLING – geothermal wells – including installation of casing 6235(3)

This classification applies to the drilling of geothermal wells for the production of hot water or steam. This classification includes the installation of well casing and the maintenance or repair of drilling equipment at job sites in connection with the drilling operations.

Drilling oil or gas wells shall be classified as 6235(1), *Oil or Gas Wells – drilling or redrilling*.

Drilling water wells shall be classified as 6204, *Drilling – N.O.C.*

Drilling in connection with foundation preparation work shall be classified as 6258, *Foundation Preparation Work*.

Drilling concrete shall be classified as 5029, *Concrete or Asphalt Sawing or Drilling*.

DRILLING – N.O.C. – not geothermal, oil or gas producing, mining or quarrying 6204

This classification applies to drilling, including but not limited to drilling water wells and soil samples for other concerns on a fee basis. This classification includes the installation of well casing and pumps when performed in connection with drilling operations.

Drilling operations conducted in connection with the employer's other classifiable operations shall not be separately classified.

The installation or repair of submersible pumps on a fee basis shall be classified as 3724(1), *Millwright Work*, provided such operations are not performed in connection with drilling operations performed by the employer at the same job or location.

Drilling oil or gas wells shall be classified as 6235(1), *Oil or Gas Wells – drilling or redrilling*.

Drilling geothermal wells shall be classified as 6235(3), *Drilling – geothermal wells*.

Drilling in connection with foundation preparation work shall be classified as 6258, *Foundation Preparation Work*.

Drilling concrete shall be classified as 5029, *Concrete or Asphalt Sawing or Drilling*.

Drilling in connection with mining or quarrying shall be assigned to the applicable mining or quarrying classification.

DRUG, MEDICINE OR PHARMACEUTICAL PREPARATIONS MFG. – compounding, blending or packaging only – not manufacturing ingredients – N.O.C. 4611

This classification applies to the manufacturing, blending or packaging of drugs, medicines or pharmaceutical preparations that are intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease. This classification also applies to the manufacture of reagents, testing solutions, enzymes, peptides, culture media, dental preparations (impression compounds, denture adhesives, or tooth restoration materials), contact lens solutions or orthopedics' coating materials.

Compounding pharmacies that combine, mix or alter ingredients in response to a prescription to create a medication tailored to the medical needs of an individual patient shall be classified as 8017(1), *Stores – retail*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The manufacture of cosmetics or personal care products, such as makeup, lotions, perfumes and colognes, as well as products such as fluoride toothpaste, antidandruff shampoo, sun block and antiperspirant that possess characteristics of drugs or medicinal preparations shall be classified as 4623, *Cosmetic, Personal Care or Perfumery Products Mfg.*

The manufacture of vitamins or food supplements shall be classified as 4831, *Vitamin or Dietary Supplement Mfg.*

The manufacture of test kits utilized for the diagnosis of medical conditions shall be classified as 5951, *Serum, Antitoxin or Virus Mfg.*

DRY CLEANING – commercial – including repairing or pressing, and cash and carry departments on plant premises	2589(2)
--	----------------

This classification applies to locations at which 50% or more of gross receipts are derived from the dry cleaning of garments, linens or other household items that are owned by commercial customers rather than the general public.

Locations at which more than 50% of gross receipts are derived from the dry cleaning or laundering of garments, linens or other household items that are owned by the general public shall be classified as 2589(1), *Dry Cleaning or Laundry*.

Commercial laundry operations, including the rental and laundering of clothing, towels, linens, diapers or similar items shall be classified as 2585(1), *Laundries*.

DRY CLEANING OR LAUNDRY – retail – including alterations, repairing or pressing, and cash and carry departments on premises	2589(1)
--	----------------

This classification applies to locations at which more than 50% of gross receipts are derived from the dry cleaning or laundering of garments, linens or other household items that are owned by the general public. This classification also applies to self-service laundries that retain attendants to perform wash and fold activities.

Locations at which 50% or more of gross receipts are derived from the dry cleaning of garments, linens or other household items that are owned by commercial customers rather than the general public shall be classified as 2589(2), *Dry Cleaning – commercial*.

Self-service laundries that do not retain attendants to perform wash and fold activities shall be classified 8017(1), *Stores – retail*.

Cash and carry facilities, situated away from the dry cleaning or laundry location, that solely engage in the receipt and distribution of items to be cleaned shall be classified as 8017(1), *Stores – retail*.

Commercial laundry operations, including but not limited to the washing and pressing of fabric items, clothing, uniforms, draperies, diapers or linens for commercial customers on a fee basis or the rental and laundering of towels, linens, diapers or similar items shall be classified as 2585(1), *Laundries*.

DYEING – including yarn or thread dyeing or finishing – no yarn or thread manufacturing	2585(2)
--	----------------

This classification applies to dyeing finished garments or other finished fabric products or dyeing or finishing yarn or thread. This classification also applies to stone washing, bleaching, sanding or dyeing clothing when performed for other concerns on a fee basis and not in connection with clothing manufacturing operations by the same employer.

Dyeing, bleaching, mercerizing or finishing fabric raw materials, not finished garments or other finished fabric products, shall be classified as 2413, *Textiles*.

Part 3 – Standard Classification System**Section VII – Standard Classifications****E****ELECTRIC APPLIANCE MFG. – N.O.C.****3570**

This classification applies to the manufacture of electric appliances, including but not limited to domestic appliances and portable cooking appliances. Electric appliances include but are not limited to lighting apparatus, flashlights, heating elements, portable space heaters, battery chargers, battery pack assemblies, vacuum cleaners, hair dryers, microwave ovens, food processors, toaster ovens, waffle irons and slow cookers. This classification includes the shop repair of electric appliances by the manufacturer.

The shop repair of electric appliances by repair shops that are not the manufacturer shall be classified as 9519(1), *Household Appliances*.

The installation, service or repair of electric appliances away from the shop shall be separately classified as 9519(1), *Household Appliances*.

ELECTRIC CONTROL PANEL OR SWITCHGEAR MFG.

See Electronics.

ELECTRIC MOTOR MFG. OR REPAIR**3569**

This classification applies to the manufacture or shop repair of electric motors, including the cleaning and rewinding of armatures, field coils, rotors and similar parts.

Dealers that sell or repair new electric motors that are used in industrial machinery or equipment shall be classified as 8107, *Machinery and Equipment Dealers*.

Dealers that sell or repair used electric motors that are used in industrial machinery or equipment shall be classified as 8267, *Machinery and Equipment Dealers – secondhand*.

The installation or repair of electric motors away from the shop shall be classified as 3724(2), *Electrical Machinery or Auxiliary Apparatus*.

ELECTRIC POWER COMPANIES – all operations – including construction or extension of lines**7539**

This classification applies to publicly or privately operated electric power companies that supply electrical power to customers. This classification includes the operation of all types of power generation plants or systems, including but not limited to hydro, solar, wind, geothermal, biomass and landfill gas power plants. This classification also includes the construction, operation, maintenance or repair of substations or transmission lines and the reading, installation or repair of electric meters.

The erection of aerial power lines by separate concerns shall be classified as 7538, *Electric Power Line Construction*.

The construction of buildings, dams or reservoirs shall be separately classified.

ELECTRIC POWER LINE CONSTRUCTION – by contractor**7538**

This classification applies to the construction, maintenance or repair of aerial power lines, including but not limited to erecting poles or towers, installing service transformers, stringing wires and making service connections. This classification also applies to the installation of aerial power lines for electric trams, trolleys or buses.

The construction, maintenance or repair of aerial power lines by electric power companies in connection with their own operations shall be classified as 7539, *Electric Power Companies*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The installation of electrical wiring within buildings shall be separately classified as 5140/5190, *Electrical Wiring*.

The construction of underground power lines shall be separately classified as 6325, *Conduit Construction or Underground Wiring*.

Aerial line construction for telephone, television, communication, data, fire alarm or similar low voltage or fiber optic networks shall be separately classified as 7601, *Aerial Line Construction*.

ELECTRIC POWER OR TRANSMISSION EQUIPMENT MFG.

See Electronics.

ELECTRICAL APPARATUS MFG.

See Electronics.

ELECTRICAL CONNECTOR MFG.

See Electronics.

ELECTRICAL MACHINERY OR AUXILIARY APPARATUS – installation, service or repair – including incidental wiring 3724(2)

This classification applies to the outside installation, service or repair of electrical machinery or auxiliary apparatus that convert, regulate, store or create electrical power, including but not limited to transformers, generators, control panels, temporary power poles at construction sites, industrial fans or blowers, photovoltaic solar panels and wind powered generators.

This classification does not apply to the installation or repair of machinery or electrical apparatus at facilities both occupied and operated by the employer; such operations shall be classified based on the employer's other classifiable operations.

Operations performed in connection with the installation of aerial power lines, including erecting poles, stringing wires, making service connections or installing service transformers on poles or on the outside of buildings shall be classified as 7538, *Electric Power Line Construction*.

Shop manufacturing or repair operations shall be separately classified.

ELECTRICAL WIRE HARNESS MFG.

See Electronics.

ELECTRICAL WIRING – within buildings – including installation or repair of electrical fixtures – including shop, yard or storage operations – employees whose regular hourly wage does not equal or exceed \$34.00 per hour 5190

This classification applies to the installation or repair of electrical wiring, circuit breaker panels, switches, outlets, lighting fixtures or related electrical wiring system components within buildings. This classification includes the installation and connection of electrical appliances when performed in connection with electrical wiring. This classification also applies to the installation of lighting fixtures onto exterior building surfaces or the maintenance of interior or exterior lighting.

The installation or repair of photovoltaic solar panels, electrical machinery or auxiliary apparatus shall be separately classified as 3724(2), *Electrical Machinery or Auxiliary Apparatus*.

The installation or repair of aerial electric power lines shall be classified as 7538, *Electric Power Line Construction*.

The installation or repair of electrical wiring underground, including trenching and the placement of conduit, shall be classified as 6325, *Conduit Construction or Underground Wiring*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The installation or repair of exterior pole mounted lighting, including but not limited to street lights and traffic signals, shall be classified as 6325, *Conduit Construction or Underground Wiring*.

The installation or repair of low voltage communications cabling within buildings for voice or data transmission shall be classified as 5195, *Communications Cabling*.

ELECTRICAL WIRING – within buildings – including installation or repair of electrical fixtures – including shop, yard or storage operations – employees whose regular hourly wage equals or exceeds \$34.00 per hour **5140**

Assignment of this classification is subject to verification at the time of final audit that the employee's regular hourly wage equals or exceeds \$34.00 per hour. The payroll of an employee whose regular hourly wage is not shown to equal or exceed \$34.00 per hour shall be classified as 5190, *Electrical Wiring*.

This classification applies to the installation or repair of electrical wiring, circuit breaker panels, switches, outlets, lighting fixtures or related electrical wiring system components within buildings. This classification includes the installation and connection of electrical appliances when performed in connection with electrical wiring. This classification also applies to the installation of lighting fixtures onto exterior building surfaces or the maintenance of interior or exterior lighting.

The installation or repair of photovoltaic solar panels, electrical machinery or auxiliary apparatus shall be separately classified as 3724(2), *Electrical Machinery or Auxiliary Apparatus*.

The installation or repair of aerial electric power lines shall be classified as 7538, *Electric Power Line Construction*.

The installation or repair of electrical wiring underground, including trenching and the placement of conduit, shall be classified as 6325, *Conduit Construction or Underground Wiring*.

The installation or repair of exterior pole mounted lighting, including but not limited to street lights and traffic signals, shall be classified as 6325, *Conduit Construction or Underground Wiring*.

The installation or repair of low voltage communications cabling within buildings for voice or data transmission shall be classified as 5195, *Communications Cabling*.

ELECTRONIC ELEMENT MFG.

ELECTRONIC PRE-PRESS – all operations

See Printing, Publishing and Duplicating.

ELECTRONICS

Refer to Section IV, *Special Industry Classification Procedures*, Rule 3, *Electronic Products Design and Manufacturing*.

AUDIO/VIDEO ELECTRONIC PRODUCTS MFG. – all other employees **3681(4)**

This classification applies to the manufacture of consumer or professional electronic audio or video equipment, including but not limited to audio or video recording, playback or editing equipment, sound amplifiers, intercoms, televisions and closed-circuit television equipment, automobile sound systems, motion picture or still picture cameras, electronic musical instruments including keyboards and synthesizers, and coin-operated video games. This classification includes the shop repair of audio/video equipment by the manufacturer.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The manufacture of speakers shall be classified as 3683, *Speaker Mfg.*

The installation, service or repair of portable, freestanding or built-in audio/video equipment away from the shop shall be classified as 9516, *Television, Video, Audio or Radio Equipment Installation, Service or Repair.*

The installation, service or repair of electronic equipment, including but not limited to audio systems, alarms, ignition interlock devices, vehicle locating systems, navigation systems and entertainment systems in automobiles, trucks or vans shall be classified as 8370, *Automobile or Truck Radio, Alarm or Electronic Equipment Installation, Service or Repair.*

Also refer to companion Classification 8874(4), *Audio/Video Electronic Products Mfg. – hardware or software design or development.*

AUDIO/VIDEO ELECTRONIC PRODUCTS MFG. – hardware or software design or development – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons **8874(4)**

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to employees engaged exclusively in hardware or software design or development, computer aided design, or clerical or outside sales operations in connection with the employer's consumer or professional electronic audio or video products manufacturing operations.

This classification does not apply to employees engaged in the manufacture, assembly, repair, testing or otherwise handling of electronic audio or video equipment or prototypes in connection with the employer's manufacturing operations.

Also refer to companion Classification 3681(4), *Audio/Video Electronic Products Mfg.*

COMPUTER MEMORY DISK MFG. – rigid **3070**

This classification applies to the manufacture of rigid computer memory disks used within computer hard disk drives to store data.

The manufacture of computer disk drives shall be classified as 3681(2), *Computer or Computer Peripheral Equipment Mfg.*

COMPUTER OR COMPUTER PERIPHERAL EQUIPMENT MFG. – all other employees – N.O.C. **3681(2)**

This classification applies to the manufacture of desktop, laptop, tablet or mainframe computers or servers. This classification also applies to the manufacture of computer peripheral equipment such as monitors, printers, scanners or computer mice, keyboards, webcams, disk drives, external storage devices, motherboards, modems or routers. This classification includes shop repair of computer or computer peripheral equipment by the manufacturer.

The installation, service or repair of computer or computer peripheral equipment by the manufacturer away from the shop or at customers' locations shall be separately classified as 5193, *Computer or Telephone System or Equipment Installation, Service or Repair.*

Also refer to companion Classification 8874(2), *Computer or Computer Peripheral Equipment Mfg. – hardware or software design or development.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

COMPUTER OR COMPUTER PERIPHERAL EQUIPMENT MFG. – hardware or software design or development – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons – N.O.C.	8874(2)
---	----------------

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to employees engaged exclusively in hardware or software design or development, computer aided design, or clerical or outside sales operations in connection with the employer's computer or computer peripheral equipment manufacturing operations.

This classification does not apply to employees engaged in the manufacture, assembly, repair, testing or otherwise handling of computer hardware, computer peripheral equipment or prototypes in connection with the employer's manufacturing operations.

Also refer to companion Classification 3681(2), *Computer or Computer Peripheral Equipment Mfg.*

ELECTRIC CONTROL PANEL OR SWITCHGEAR MFG.	3643(2)
--	----------------

This classification applies to the manufacture or shop repair of electric control panels, switchboards, circuit breakers, switches and switchgear apparatus with a power rating of 746 watts (one horsepower) or more.

The manufacture of electrical-mechanical control panels and switchboards rated at less than 746 watts (one horsepower) shall be classified as 3179, *Electrical Apparatus Mfg.* The manufacture of electrical-mechanical control panels and switchboards that are rated both at less than 746 watts and at 746 watts and above shall be classified based on the primary (over 50% of shop time) operation.

The manufacture of electronic programmable controls shall be classified as 3681(1), *Instrument Mfg. – electronic.*

The installation or repair of electric control panels and switchboards away from the shop shall be classified as 3724(2), *Electrical Machinery or Auxiliary Apparatus.*

ELECTRIC POWER OR TRANSMISSION EQUIPMENT MFG. – N.O.C.	3643(1)
---	----------------

This classification applies to the manufacture or shop repair of electric power or transmission equipment, including but not limited to generators, converters, electromagnetic components, solenoids, turbines, transformers and power supplies with a power rating of 746 watts (one horsepower) or more that is not specifically described by another classification.

The manufacture or shop repair of generators, converters or transformers rated at less than 746 watts shall be classified as 3179, *Electrical Apparatus Mfg.* The manufacture or repair of electric or power transmission equipment that is rated both at less than 746 watts and at 746 watts and above shall be classified based on the primary (over 50% of shop time) operation.

The manufacture or shop repair of power supplies rated at less than 746 watts shall be classified as 3573, *Power Supply Mfg.*

The manufacture or repair of electric motors shall be classified as 3569, *Electric Motor Mfg. or Repair.*

The installation or repair of generators, converters, transformers or power supplies away from the shop shall be classified as 3724(2), *Electrical Machinery or Auxiliary Apparatus.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

<p>ELECTRICAL APPARATUS MFG. – N.O.C.</p> <p>This classification applies to the manufacture or shop repair of electrical apparatus, including but not limited to electric controls, switchboard assemblies, solenoids, electrical-mechanical switches, actuators and relays with a power rating of less than 746 watts (one horsepower) that is not specifically described by another classification. This classification also applies to the manufacture of dry cell batteries.</p> <p>The installation or repair of electrical apparatus away from the shop shall be classified as 3724(2), <i>Electrical Machinery or Auxiliary Apparatus</i>.</p> <p>The manufacture or shop repair of electrical apparatus, including but not limited to electric controls, switchboard assemblies, solenoids, electrical-mechanical switches and relays with a power rating of 746 watts or more shall be classified as 3643(1), <i>Electric Power or Transmission Equipment Mfg.</i>, or 3643(2), <i>Electric Control Panel or Switchgear Mfg.</i> The manufacture or shop repair of electrical apparatus that are rated both at less than 746 watts and at 746 watts and above shall be classified based on the primary (over 50% of shop time) operation.</p> <p>The manufacture or shop repair of electric motors shall be classified as 3569, <i>Electric Motor Mfg. or Repair</i>.</p> <p>The manufacture of portable electric appliances that are not specifically described by another classification shall be classified as 3570, <i>Electric Appliance Mfg.</i></p>	<p>3179</p>
<p>ELECTRICAL CONNECTOR MFG.</p> <p>This classification applies to the manufacture or assembly of electrical connectors, connector assemblies and contacts used to connect wire or wire harnesses to electrical components.</p> <p>The manufacture of electrical connectors for use in electrical wire harnesses manufactured by the employer shall be classified as 3651, <i>Electrical Wire Harness Mfg.</i></p> <p>The manufacture or assembly of glass hermetically sealed electrical connectors shall be classified as 4111(2), <i>Incandescent Lamp and Fluorescent Tube Mfg.</i></p>	<p>3568</p>
<p>ELECTRICAL WIRE HARNESS MFG.</p> <p>This classification applies to the manufacture or assembly of electrical wire harnesses, connector cable assemblies and electrical cords, and includes the manufacture or assembly of electrical connectors, connector assemblies and contacts that are used in the employer's manufacturing operations.</p> <p>The manufacture of electrical wire or cable involving wire drawing shall be separately classified as 3241, <i>Wire, Wire Rope or Wire Cable Mfg. – including wire drawing</i>. The manufacture of electrical wire or cable involving no wire drawing shall be separately classified as 4470, <i>Wire, Wire Rope or Wire Cable Mfg. – no wire drawing</i>.</p>	<p>3651</p>
<p>ELECTRONIC ELEMENT MFG. – N.O.C.</p> <p>This classification applies to the manufacture of electronic elements with a power rating of less than 746 watts (one horsepower) used to receive, store, govern or direct the flow of current within an electrical circuit. Electronic elements assigned to this classification include but are not limited to transistors, resistors, capacitors, diodes, light emitting diodes (LED), coils, transformers, filters, magnetic recording heads, potentiometers and transducers.</p> <p>The manufacture of electronic elements used to receive, store, govern or direct the flow of current within an electrical circuit with a power rating of 746 watts or more shall be classified as 3643(1), <i>Electric Power or Transmission Equipment Mfg.</i>, or 3643(2), <i>Electric Control Panel or Switchgear Mfg.</i> The manufacture of electronic elements that are rated both at less than 746 watts and at 746 watts and above shall be classified based on the primary (over 50% of shop time) operation.</p>	<p>3178</p>

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The manufacture of electronic elements for inclusion in an electrical or electronic product manufactured by the employer shall be assigned to the applicable electrical or electronic product manufacturing classification.

The manufacture of electronic integrated circuit chips or semiconductor wafers shall be classified as 4112, *Integrated Circuit and Semiconductor Wafer Mfg.*

INSTRUMENT MFG. – electronic – professional or scientific – all other employees – N.O.C.**3681(1)**

This classification applies to the manufacture or shop repair of electronic instruments that are not specifically described by another classification, including but not limited to electronic altimeters, air speed indicators and telemetry instruments, electronic centrifuges, cell sequencers, bio-sensor equipment, mass spectrometers, electronic scales, programmable electronic control systems, electronic point of sale (POS) systems, calculators, electron or laser microscopes, electron accelerators or fraction collectors, electronic toxic gas or vapor detection systems, radiation monitoring equipment, ohm meters, frequency synthesizers and printed circuit board test equipment. This classification also applies to the manufacture of electronic or electronically controlled manufacturing equipment for the semiconductor industry, including but not limited to vapor ovens, wafer inspection stations, wafer probe systems, wet processing equipment, photo mask inspection equipment, diffusion etching machines, wafer cleaning equipment, wafer dicing saws and plasma etching machines.

This classification also applies to the manufacture or fee-based shop repair of Unmanned Aircraft Systems (aerial drones) with an aircraft system and payload total combined weight of less than 55 pounds.

The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds, including but not limited to test flight operations performed by the manufacturer shall be classified in accordance with Section III, Rule 5, *General Inclusions*.

The installation or repair of instruments, or the repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds, away from shop shall be separately classified as 5128, *Instrument Installation, Service or Repair*.

The manufacture of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier shall be classified as 3830(2), *Unmanned Aircraft System Mfg.*

The manufacture of electronic medical equipment used for diagnostic or treatment purposes shall be classified as 3572, *Medical Instrument Mfg.*

The manufacture of non-electronic instruments shall be classified as 3682, *Instrument Mfg. – non-electronic*.

The manufacture of industrial robotic systems shall be classified as 3560(2), *Machinery Mfg. – industrial*, or 3560(3), *Machinery Mfg. – material handling equipment*.

Also refer to companion Classification 8874(1), *Instrument Mfg. – electronic – professional or scientific – hardware or software design or development*.

INSTRUMENT MFG. – electronic – professional or scientific – hardware or software design or development – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons**8874(1)**

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

This classification applies to employees engaged exclusively in hardware or software design or development, computer aided design, or clerical or outside sales operations in connection with the employer's electronic instrument manufacturing operations.

This classification does not apply to employees engaged in the manufacture, assembly, repair, testing or otherwise handling of electronic instruments or prototypes in connection with the employer's manufacturing operations.

Also refer to companion Classification 3681(1), *Instrument Mfg. – electronic – professional or scientific*.

INTEGRATED CIRCUIT AND SEMICONDUCTOR WAFER MFG. – all other employees	4112
--	-------------

This classification applies to the manufacture of integrated circuits using semiconductor processing methods, including but not limited to thin film deposition, high temperature oxidation and diffusion, micron-range photolithography, and wet or dry etching. Each integrated circuit or wafer may contain tens of thousands of miniaturized electronic components, including but not limited to transistors, resistors, capacitors and diodes. This classification also applies to the manufacture of semiconductor wafers or chipsets consisting of grouped microchips.

This classification also applies to the hermetic packaging of integrated circuits within pin grid arrays.

The manufacture of transistors, resistors, capacitors, diodes or similar electronic components that are not contained on an integrated circuit chip or semiconductor wafer shall be classified as 3178, *Electronic Element Mfg.*

Also refer to companion Classification 8874(5), *Integrated Circuit and Semiconductor Wafer Mfg. – hardware or software design or development*.

INTEGRATED CIRCUIT AND SEMICONDUCTOR WAFER MFG. – hardware or software design or development – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons	8874(5)
---	----------------

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to employees engaged exclusively in hardware or software design or development, computer aided design, or clerical or outside sales operations in connection with the employer's integrated circuit or semiconductor wafer manufacturing operations.

This classification does not apply to employees engaged in the manufacture, assembly, repair, testing or otherwise handling of integrated circuits or semiconductor wafers or prototypes in connection with the employer's manufacturing operations.

Also refer to companion Classification 4112, *Integrated Circuit and Semiconductor Wafer Mfg.*

MEDICAL INSTRUMENT MFG. – electronic – diagnostic or treatment	3572
---	-------------

This classification applies to the manufacture or shop repair of electronic medical equipment used for diagnostic or treatment purposes, including but not limited to medical X-ray equipment, blood pressure monitors, pulse monitors, magnetic resonance imaging (MRI) equipment, heart scan systems, ophthalmology diagnostic and eye surgery equipment, endoscopes, vital sign monitoring equipment, radiation treatment equipment, blood and gas analyzers, brain analyzers, surgical lasers, computerized axial tomography (CAT) scanners, ultrasound imagers and defibrillators.

The manufacture of non-electronic medical instruments shall be classified as 3682, *Instrument Mfg. – non-electronic*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The installation or repair of instruments away from the shop shall be separately classified as 5128, *Instrument*.

POWER SUPPLY MFG.**3573**

This classification applies to the manufacture or shop repair of power supplies with a power rating of less than 746 watts (one horsepower).

The manufacture or shop repair of power supplies with a power rating of 746 watts or more shall be classified as 3643(1), *Electric Power or Transmission Equipment Mfg.* The manufacture of power supplies that are rated both at less than 746 watts and at 746 watts and above shall be classified based on the primary (over 50% of shop time) operation.

The manufacture of power supplies for inclusion in an electrical or electronic product manufactured by the employer shall be assigned to the applicable electrical or electronic product manufacturing classification.

The installation or repair of power supplies away from the shop shall be separately classified.

PRINTED CIRCUIT BOARD ASSEMBLING – by contractor**3577**

This classification applies to the assembling of components onto printed circuit boards on a fee basis.

The assembly of printed circuit boards for inclusion in an electrical or electronic product manufactured by the employer shall be assigned to the applicable electrical or electronic product manufacturing classification. The manufacture of proprietary printed circuit board electronic sub-assemblies that have been designed by the employer shall be assigned to the applicable electronic product manufacturing classification.

The manufacture (etching and plating) of printed circuit boards shall be classified as 4354, *Printed Circuit Board Mfg.*

PRINTED CIRCUIT BOARD MFG.**4354**

This classification applies to the manufacture (etching and plating) of printed circuit boards.

The manufacture of printed circuit boards for inclusion in an electrical or electronic product manufactured by the employer shall be assigned to the applicable electrical or electronic product manufacturing classification.

The assembling of components onto printed circuit boards on a fee basis shall be classified as 3577, *Printed Circuit Board Assembling*.

TELECOMMUNICATIONS EQUIPMENT MFG. – all other employees**3681(3)**

This classification applies to the manufacture of electronic telecommunications equipment, including but not limited to telephones, cellular telephones, telephone equipment, telephone answering systems, military communication equipment, professional broadcasting/receiving equipment, wireless communication equipment, and related equipment used to transmit, receive, route or amplify data. This classification includes the shop repair of telecommunications equipment by the manufacturer.

The installation or repair of telecommunications equipment away from the shop shall be separately classified as 5193, *Computer or Telephone System or Equipment Installation, Service or Repair*.

The manufacture of consumer or professional audio or video equipment shall be classified as 3681(4), *Audio/Video Electronic Products Mfg.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Also refer to companion Classification 8874(3), *Telecommunications Equipment Mfg. – hardware or software design or development*.

TELECOMMUNICATIONS EQUIPMENT MFG. – hardware or software design or development – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons **8874(3)**

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to employees engaged exclusively in hardware or software design or development, computer aided design, or clerical or outside sales operations in connection with the employer's electronic telecommunications equipment manufacturing operations.

This classification does not apply to employees engaged in the manufacture, assembly, repair, testing or otherwise handling of electronic telecommunications equipment or prototypes in connection with the employer's manufacturing operations.

Also refer to companion Classification 3681(3), *Telecommunications Equipment Mfg.*

ELECTROPLATING, ELECTROGALVANIZING OR ANODIZING **3372(1)**

This classification applies to electroplating, which is the process of applying a metallic coating to a metal surface by electrodeposition, performed for other concerns on a fee basis. Electroplated coatings include but are not limited to gold, silver, nickel, copper and chromium. This classification also applies to electrogalvanizing, which is the process of applying a zinc coating to a metal surface by electrodeposition, performed for other concerns on a fee basis. This classification also applies to anodizing, detinning, electropolishing, passivation or chemical milling operations performed for other concerns on a fee basis.

Electroplating, electrogalvanizing, anodizing, detinning, electropolishing, passivation or chemical milling operations, when performed by the same employer in connection with its manufacturing, repair or service operations, shall be assigned to the applicable manufacturing, repair or service classification.

Hot dip galvanizing shall be classified as 3372(4), *Galvanizing – hot dip*.

ELEVATOR ERECTION OR REPAIR **5160**

This classification applies to the erection or repair of elevators and all elevator components, including but not limited to elevator cabinets, elevator guides, hydraulic pump assemblies, motor assemblies, elevator car platforms, control units, wiring, elevator cables, limit switches, silencers and door operators.

Elevator service inspection, oiling or adjusting (no repair) shall be classified as 8729, *Elevator Service Inspections, Oiling and Adjusting*.

The inspection of elevators, including crane elevators, for other concerns on a fee basis for certification purposes only (no service inspections, oiling, adjusting or repairing) shall be classified as 8720(2), *Elevator Inspecting*.

The installation or removal of hod hoists or construction elevators for other concerns on a fee basis shall be classified as 9529(1), *Scaffolds, Shoring, Concrete or Cement Distributing Towers, Hod Hoists or Construction Elevators*. The installation or removal of hod hoists or construction elevators when performed by the employer in connection with its own operations shall be assigned to the applicable construction or erection classification.

The installation or repair of escalators shall be classified as 3724(1), *Millwright Work*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

ELEVATOR INSPECTING – including Outside Salespersons – no service inspections, oiling, adjusting or repairing **8720(2)**

This classification applies to the inspection of elevators, including crane elevators on a fee basis for certification by the state.

Elevator service inspection, oiling and adjusting shall be classified as 8729, *Elevator Service Inspections, Oiling and Adjusting*.

Elevator erection or repair shall be classified as 5160, *Elevator Erection or Repair*.

ELEVATOR SERVICE INSPECTIONS, OILING AND ADJUSTING – no repair **8729**

This classification applies to elevator inspection, service or maintenance, including but not limited to oiling and adjusting.

The inspection of elevators for certification by the state with no repair or maintenance shall be classified as 8720(2), *Elevator Inspecting*.

Elevator repair operations shall be separately classified as 5160, *Elevator Erection or Repair*.

ENGINEERS – consulting – mechanical, civil, electrical or mining engineers or architects – not engaged in actual construction or operation – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons **8601(1)**

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to engineering or architectural consultants who provide technical advice to construction companies, land development companies, building contractors or similar concerns on a fee basis, or to the testing of construction building materials in connection with consulting engineering performed by the same employer. This classification also applies to land surveying prior to or during construction for separate concerns on a fee basis.

Engineering, when performed in support of an employer's own manufacturing, processing or construction operations, is assigned to the applicable manufacturing, processing or construction classification or to the applicable Standard Exception classification.

This classification also applies to fee-based construction management companies that do not engage in or supervise construction operations, but serve as an intermediary between the general contractor and project owner, or otherwise provide expertise regarding a construction project.

Forest engineers shall be classified as 8601(4), *Forest Engineers*.

Oil or gas geologists or scouts shall be classified as 8601(2), *Oil or Gas Geologists or Scouts*.

Fee-based testing operations, including but not limited to the testing of air, water, soil, metal, concrete and other building materials not resulting in recommendations, remediation options or design advice shall be classified as 4511, *Analytical or Testing Laboratories*.

ENGRAVING, LASER CUTTING OR LASER WELDING **3131(2)**

This classification applies to the engraving, laser cutting or laser welding of materials other than stone for other concerns on a fee basis. This classification also applies to waterjet cutting of materials other than stone for other concerns on a fee basis. This classification also applies to the manufacture of engraved instrument panels, including incidental metal working and electrical wiring.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Engraving, laser cutting, laser welding or waterjet cutting operations, when performed by the same employer in connection with its manufacturing, processing, store or dealer operations, shall be assigned to the applicable manufacturing, processing, store or dealer classification.

Photographic engraving, photomask manufacturing, rubber printing plate and stamp manufacturing, lithograph plate manufacturing and polymer plate manufacturing shall be classified as 4351, *Photo Engraving*.

The engraving or cutting of stone, including headstones and stone monuments, shall be classified as 1803, *Stone Cutting or Fabrication*.

ENVELOPE MFG.**4251**

This classification applies to the manufacture of envelopes. This classification also applies to incidental printing in connection with envelope manufacturing operations.

Envelope manufacturing, when performed to produce packaging materials in connection with other manufacturing, processing, store or dealer operations, shall be assigned to the applicable manufacturing, processing, store or dealer classification for the other operations.

The conversion of paper to produce finished goods, including but not limited to notebook paper, paper towels, napkins, cups, plates, diapers, medical gowns, paper tubes, air filter elements and coffee filters shall be classified as 4279(1), *Paper Goods Mfg.*

EQUIPMENT OR MACHINERY RENTAL YARDS – not dealers in new or used equipment – all employees – including counterpersons**8028**

This classification applies to employers engaged in the rental, delivery or set up of equipment or machinery, including but not limited to portable air compressors, augurs, jacks, chain saws, compactors, wheel barrows, electric drills, grinders, sanders, ladders, hammers, garden tools and equipment, paint compressors, plumbing tools, sandblasting equipment, portable generators, rototillers, portable concrete mixers, vibrators, tractors, backhoes, temporary fences, scaffolds, shoring, concrete or cement distributing towers, hod hoists, construction elevators, loaders and trenchers.

This classification also applies to the rental or installation of temporary signs, including but not limited to real estate and construction site signs.

The erection of scaffolds, shoring, concrete or cement distributing towers, hod hoists, or construction elevators shall be separately classified as 9529(1), *Scaffolds, Shoring, Concrete or Cement Distributing Towers, Hod Hoists or Construction Elevators*.

The rental of mobile cranes or hoisting equipment with operators shall be classified as 7219(3), *Mobile Crane and Hoisting Service Contractors*.

EVENT MARKET, FESTIVAL OR TRADE SHOW OPERATION – all employees – N.O.C.**9095**

This classification applies to employers that organize and operate events or rent spaces to vendors that sell products or provide information to customers. Such events include but are not limited to farmers' markets, flea markets, street fairs, swap meets, art or antique festivals and trade shows (public or private). This classification also applies to the operation of events, including but not limited to fun runs, foot races, cycling events, marathons, triathlons and athletic charity events.

Employers that promote or market events but do not operate events shall be separately classified.

Traveling carnivals shall be classified as 9185, *Carnivals*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The rental, delivery or set up of temporary chain link fences or road traffic safety barricades when performed by separate concerns shall be classified as 8028, *Equipment or Machinery Rental Yards*.

The rental, service or repair of portable toilets when performed by separate concerns shall be classified as 9426, *Septic or Portable Toilet Services*.

Vendors, performers, entertainers, retail stores and the preparation and sale of food shall be separately classified.

EXCAVATION – N.O.C. – including borrowing, filling or backfilling – employees whose regular hourly wage does not equal or exceed \$38.00 per hour 6218(1)

This classification applies to the excavation of land to prepare sites for the construction of buildings or structures, including but not limited to residential or commercial buildings, bridges, aerial line towers, driveways, parking lots and swimming pools. This classification includes incidental grading operations. This classification also applies to excavation for removal of contaminated soil.

This classification also applies to off-street snow removal using vehicles or construction equipment, including but not limited to plows, excavators or loaders.

Snow removal from public streets or highways shall be classified as 9403(2), *Street Sweeping Service Companies*.

Excavation in connection with the construction of streets, roads, highways or airport runways, or the excavation of all other areas in preparation for asphalt paving shall be classified as 5507, *Street or Road Construction – grading*.

Trenching operations conducted in connection with the construction of canals, irrigation systems, cross-country water pipelines, oil or gas pipelines or sewers shall be assigned to the applicable construction classification.

Mass rock excavation, pile driving, shaft sinking, caisson or cofferdam work shall be separately classified.

EXCAVATION – N.O.C. – including borrowing, filling or backfilling – employees whose regular hourly wage equals or exceeds \$38.00 per hour 6220(1)

Assignment of this classification is subject to verification at the time of final audit that the employee's regular hourly wage equals or exceeds \$38.00 per hour. The payroll of an employee whose regular hourly wage is not shown to equal or exceed \$38.00 per hour shall be classified as 6218(1), *Excavation – N.O.C.*

This classification applies to the excavation of land to prepare sites for the construction of buildings or structures, including but not limited to residential or commercial buildings, bridges, aerial line towers, driveways, parking lots and swimming pools. This classification includes incidental grading operations. This classification also applies to excavation for removal of contaminated soil.

This classification also applies to off-street snow removal using vehicles or construction equipment, including but not limited to plows, excavators or loaders.

Snow removal from public streets or highways shall be classified as 9403(2), *Street Sweeping Service Companies*.

Excavation in connection with the construction of streets roads, highways or airport runways, or the excavation of all other areas in preparation for asphalt paving shall be classified as 5507, *Street or Road Construction – grading*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Trenching operations conducted in connection with the construction of canals, irrigation systems, cross-country water pipelines, oil or gas pipelines or sewers shall be assigned to the applicable construction classification.

Mass rock excavation, pile driving, shaft sinking, or caisson or cofferdam work shall be separately classified.

EXCAVATION – rock – no tunneling**1624(2)**

This classification applies to rock excavation in connection with construction projects.

Crushing operations shall be separately classified.

Tunneling shall be classified as 6251, *Tunneling or Underground Mining*.

Rock quarrying operations shall be classified as 1624(1), *Quarries*.

EXHIBITIONS

See Event Market, Festival or Trade Show Operation.

EXPLOSIVE MFG. – N.O.C.**4771(1)**

This classification applies to the manufacture of explosives, including but not limited to fuses, detonators, flares, blasting agents, pyrotechnics, munitions and ammonium nitrate when no other classification more accurately describes the operations. This classification includes the packaging of blasting agents, propellants or explosives into shells or casings. This classification also applies to the identification and removal of ordnance at military installations.

The manufacturing, mixing or blending of gasses, including but not limited to oxygen, acetylene, arsine and carbonic acid gas, dry ice and liquefied hydrogen and nitrogen shall be classified as 4635, *Oxygen or Hydrogen Mfg.*

The manufacture of solid propellant rocket fuel shall be classified as 4771(2), *Rocket Propellant Mfg.*

EXPRESS COMPANIES – including terminal employees and mechanics**7219(2)**

This classification applies to the same-day and overnight delivery of freight for other concerns on a contract basis, including hauling freight between shipping points such as ports, airports and railroad stations.

When employees furnish the vehicles utilized in these operations, the determination of reportable remuneration shall be made in accordance with Section V, Rule 4, *Drivers' and Their Helpers' Payroll*.

The transport of the United States mail under contract to the United States Postal Service shall be classified as 7232, *Mail Delivery Service Companies*.

The contract delivery of parcels shall be classified as 7198(1), *Parcel Delivery and Messenger Service Companies*, if (1) less than 10% of the individual parcels and packages delivered weigh in excess of one hundred pounds, and (2) less than 10% of all deliveries have a total combined weight of all items delivered at any one stop exceeding two hundred pounds.

The contract hauling and disposal of waste shall be classified as 9403(1), *Garbage or Refuse Collecting*.

The transporting of household goods and furniture, office furniture and fixtures for separate concerns on a fee basis shall be classified as 8293(2), *Furniture Moving*.

Part 3 – Standard Classification System**Section VII – Standard Classifications****F****FARM MACHINERY DEALERS OR REPAIR FACILITIES – shop or outside – including demonstration 8116**

This classification applies to dealers engaged in the sale or repair of new farm machinery or equipment, including but not limited to tractors, balers, combines and implements such as plows, discs and cultivators. This classification also applies to independent farm machinery repair facilities that are not dealers. Repair operations can be performed at the shop or at customers' locations on a job or warranty basis. This classification includes the display and sale of machines, equipment or parts and the operation of farm machinery for demonstration purposes. This classification also includes the incidental sale of used machinery received as trade-in merchandise.

Dealers whose sales of used machinery exceed 25% of gross receipts shall be classified as 8267, *Machinery and Equipment Dealers – secondhand*.

The sale of non-agricultural machinery shall be classified as 8107, *Machinery and Equipment Dealers*.

FARM MACHINERY OPERATION – by contractors – including yard employees

See Farms.

FARMS

Refer to Section IV, *Special Industry Classification Procedures*, Rule 4, *Farms*.

BUSH BERRY CROPS 0079(2)

This classification applies to all acreage devoted to the cultivation and harvesting, including field packing, of bush berries, such as raspberries, olallieberries (blackberries), blueberries and boysenberries.

The washing, sorting, sizing, grading, packing, precooling or otherwise preparing of fresh fruit for shipment (not field packing) shall be separately classified as 2107, *Fruit – fresh fruit packing and handling*.

The cultivation and harvesting, including field packing, of strawberries shall be classified as 0079(1), *Strawberry Crops*.

Providing machinery and operating crews to conduct mechanized farming or harvesting operations for separate concerns on a fee basis shall be classified as 0050, *Farm Machinery Operation*.

DAIRY FARMS 0036

This classification applies to all acreage devoted to the raising of cows for the production of milk or cream, or the raising of replacement dairy heifers. This classification also includes acreage devoted to the raising of goats for milk, cream or meat production. This classification includes the slaughtering of animals when performed by the employer.

This classification includes growing feed, hay or grain crops when more than 50% of such crops are used by the employer. Cultivation or harvesting of crops that are primarily sold to others shall be assigned to the appropriate *Farms* Industry Group classification.

Milk pasteurization, processing or bottling; dairy products manufacturing; or route drivers who deliver bottled milk to customers and perform no other duties on the farm premises shall be separately classified as 2063, *Dairy Products or Ice Mfg.*

The raising of beef cattle shall be classified as 0038(1), *Stock Farms*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The raising of calves for others shall be classified as 0034(2), <i>Sheep, Hog or Calf Farms</i> .	
FARM MACHINERY OPERATION – by contractors – including yard employees	0050
<p>This classification applies to employers that provide machinery and operating crews to conduct mechanized farming operations for separate concerns on a fee basis. Such operations include but are not limited to soil preparation, harvesting, pruning, baling, threshing and the application of insecticides, fertilizers, herbicides or seeds using farm machinery.</p> <p>The aerial application of insecticides, fertilizers, herbicides or seeds onto farmlands shall be classified as 7409, <i>Aircraft Operation – agricultural – dusting, spraying or seeding – members of the flying crew</i>, and 7410, <i>Aircraft Operation – agricultural – dusting, spraying or seeding – not members of the flying crew</i>.</p> <p>Contract grading of farm land shall be classified as 6218(3)/6220(3), <i>Land Leveling – grading farm lands</i>.</p>	
FIELD CROPS	0171
<p>This classification applies to all acreage devoted to the cultivation and harvesting of hay; alfalfa; flax; safflower; maize; all sorghums; or all the cereal grains, including but not limited to wheat, barley, rice, field corn and oats. This classification also applies to all acreage devoted to the cultivation and harvesting of cotton.</p> <p>Cotton gin operations, including cotton compressing, shall be separately classified as 0401, <i>Cotton Gin Operation</i>.</p> <p>The contract storage of baled cotton or the purchase and sale of cotton, including cotton compressing, when no ginning operations are performed, shall be classified as 0400, <i>Warehouses – cotton</i>.</p> <p>The cultivation and harvesting, including field packing, of sweet (edible) corn shall be classified as 0172, <i>Truck Farms</i>.</p> <p>The cultivation and harvesting of grass sod for use in landscaping shall be classified as 0005, <i>Nurseries</i>.</p> <p>Providing machinery and operating crews to conduct mechanized farming or harvesting operations for separate concerns on a fee basis shall be classified as 0050, <i>Farm Machinery Operation</i>.</p>	
FLORISTS – cultivating or gardening	0035
<p>This classification applies to employers that cultivate or garden flowers, potted flower plants, ferns or similar potted plants that are sold for indoor decorative purposes. This classification also applies to the cultivation of herbs, edible flowers, microgreens or cannabis.</p> <p>Employers engaged in the sale of cut flowers, potted flower plants, ferns or similar potted plants for indoor decorative purposes shall be classified as 8001, <i>Stores – florists</i>.</p> <p>Employers engaged in the propagation and cultivation of nursery stock, bedding plants, bulbs or trees that are sold for outdoor planting or decorative purposes shall be classified as 0005, <i>Nurseries</i>.</p>	
LIVESTOCK FEED YARDS – including the milling or blending of feed for use in operations	0038(2)
<p>This classification applies to the feeding or fattening of livestock, including but not limited to cattle, sheep and hogs, on a fee basis prior to slaughter by separate concerns. This classification includes the transport of animals to and from the feed yard location.</p>	

Part 3 – Standard Classification System**Section VII – Standard Classifications**

This classification includes growing feed, hay or grain crops when more than 50% of such crops are used by the employer. Cultivation and harvesting of crops that are primarily sold to others shall be assigned to the appropriate *Farms* Industry Group classification.

Breeding and raising of livestock shall be separately classified.

Livestock butchering operations, including feed yard operations by the same employer, shall be classified as 2081(1), *Butchering*.

The fee-based care and feeding of livestock that are en route to slaughterhouses or to market shall be classified as 2081(2), *Stockyards*.

NURSERIES – propagation and cultivation of nursery stock**0005**

This classification applies to the propagation and cultivation of nursery stock, bedding plants, vegetable plants, bulbs or trees that are sold for outdoor planting or decorative purposes. This classification also applies to the cultivation and harvesting of grass sod for sale to separate concerns.

This classification includes the growing of seedlings, clones or starter plants for sale to separate concerns, including but not limited to farms.

This classification also applies to the raising of bees for sale, honey production or rental to other concerns for pollinating crops. The processing of honey shall be separately classified as 6504, *Food Products Mfg. or Processing*.

The cultivation of flowers, potted flower plants, ferns or similar potted plants that are sold for indoor decorative purposes, as well as herbs, edible flowers, microgreens or cannabis shall be classified as 0035, *Florists*.

The operation of a garden supply store shall be separately classified as 8004, *Stores – garden supplies*.

ORCHARDS – citrus or deciduous fruits**0016**

This classification applies to all acreage devoted to the cultivation and harvesting, including field packing, of citrus or deciduous fruit crops, including but not limited to oranges, lemons, limes, tangerines, kumquats, grapefruit, plums, peaches, cherries and nectarines, and includes the use of trellis systems or dwarf trees. This classification also applies to the cultivation and harvesting of avocados, figs (other than Kadota figs) and olives.

The washing, sorting, sizing, grading, packing, precooling or otherwise preparing of deciduous fruit, olives or avocados for shipment (not field packing) shall be separately classified as 2107, *Fruit – fresh fruit packing and handling*.

The washing, sorting, sizing, grading, packing, precooling or otherwise preparing of citrus fruit for shipment (not field packing) shall be separately classified as 2108, *Fruit – citrus fruit packing and handling*.

Providing machinery and operating crews to conduct mechanized farming or harvesting operations for separate concerns on a fee basis shall be classified as 0050, *Farm Machinery Operation*.

ORCHARDS – nut crops**0045**

This classification applies to all acreage devoted to the cultivation and harvesting of nut tree crops, including but not limited to almonds, walnuts and pistachios.

Hulling, shelling or processing nuts shall be separately classified as 0096, *Nut Hulling, Shelling or Processing*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The cultivation and harvesting of peanuts shall be classified as 0041, *Potato Crops*.

Providing machinery and operating crews to conduct mechanized farming or harvesting operations for separate concerns on a fee basis shall be classified as 0050, *Farm Machinery Operation*.

POTATO CROPS**0041**

This classification applies to all acreage devoted to the cultivation and harvesting, including field packing, of all types of potatoes, sweet potatoes or yams. This classification also applies to the cultivation and harvesting of peanuts, horseradish, taro root or sugar beets.

The washing, sorting, sizing, grading, packing, precooling or otherwise preparing of potatoes, sweet potatoes, yams, horseradish, taro root or sugar beets for shipment (not field packing) shall be separately classified as 8209, *Vegetables*.

Providing machinery and operating crews to conduct mechanized farming or harvesting operations for separate concerns on a fee basis shall be classified as 0050, *Farm Machinery Operation*.

POULTRY RAISING, EGG PRODUCTION AND HATCHERIES**0034(1)**

This classification applies to all acreage devoted to the raising of poultry, including but not limited to chickens, turkeys, quail, geese and squabs. This classification includes the slaughtering of animals and the candling, washing, sorting, grading and packaging of eggs when conducted by the employer.

This classification also applies to aquatic farming of fish, oysters, abalone, shrimp and prawns.

This classification also applies to the breeding and raising of rabbits, birds, tropical fish and reptiles.

The candling, washing, sorting, grading and packaging of eggs performed on a fee basis or by employers not engaged in egg production shall be classified as 8018, *Stores – wholesale*.

SHEEP, HOG OR CALF FARMS**0034(2)**

This classification applies to all acreage devoted to the raising of sheep, hogs or calves. This classification includes the slaughtering or butchering of animals when performed by the same employer.

This classification also applies to the raising of miniature horses (not to exceed 38 inches in height), llamas or alpacas.

This classification includes growing feed, hay or grain crops when more than 50% of such crops are used by the employer. Cultivation and harvesting of crops that are primarily sold to others shall be assigned to the appropriate *Farms* Industry Group classification.

The feeding and fattening of sheep, hogs or calves prior to slaughter performed on a fee basis at feed yards shall be classified as 0038(2), *Livestock Feed Yards*.

The raising of beef cattle or horses shall be classified as 0038(1), *Stock Farms*. The raising of replacement dairy heifers shall be classified as 0036, *Dairy Farms*.

Slaughtering or butchering operations performed by separate concerns shall be classified as 2081(1), *Butchering*.

STOCK FARMS – beef cattle or horses**0038(1)**

This classification applies to all acreage devoted to the raising of beef cattle or horses.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

This classification includes growing feed, hay or grain crops when more than 50% of such crops are used by the employer. Cultivation and harvesting of crops that are primarily sold to others shall be assigned to the appropriate *Farms* Industry Group classification.

The raising of calves for sale to others shall be classified as 0034(2), *Sheep, Hog or Calf Farms*.

The raising of replacement dairy heifers shall be classified as 0036, *Dairy Farms*.

The raising and training of horses with no horse breeding or birthing operations shall be classified as 7207(1), *Stables – all employees*, 8631, *Racing Stables – all other employees*, or 7207(5), *Racing Stables – harness racing*.

The raising of miniature horses (not to exceed 38 inches in height) shall be classified as 0034(2), *Sheep, Hog or Calf Farms*.

Slaughtering or butchering operations shall be separately classified as 2081(1), *Butchering*.

STRAWBERRY CROPS**0079(1)**

This classification applies to all acreage devoted to the cultivation and harvesting, including field packing, of strawberries.

The precooling of field packed strawberries shall be separately classified as 8291(1), *Warehouses – cold storage*.

The cultivation and harvesting, including field packing, of bush berries shall be classified as 0079(2), *Bush Berry Crops*.

Providing machinery and operating crews to conduct mechanized farming or harvesting operations for separate concerns on a fee basis shall be classified as 0050, *Farm Machinery Operation*.

TRUCK FARMS**0172**

This classification applies to all acreage devoted to the cultivation and harvesting, including field packing, of garden vegetables, including but not limited to tomatoes, lettuce, carrots, onions, peas and sweet corn. This classification also applies to growing plants for the purpose of obtaining seeds, or the cultivation and harvesting of melons, dry peas, dry beans, soybeans, mushrooms or bean sprouts.

This classification also applies to the cultivation of garden vegetables using hydroponic farming methods or the raising of earthworms or snails.

The washing, sorting, sizing, grading, packing, precooling or otherwise preparing of vegetables for shipment (not field packing) shall be separately classified as 8209, *Vegetables*.

The growing of vegetable plants for sale to others for outdoor planting or decorative purposes shall be classified as 0005, *Nurseries*.

Providing machinery and operating crews to conduct mechanized farming or harvesting operations for separate concerns on a fee basis shall be classified as 0050, *Farm Machinery Operation*.

The cultivation and harvesting of hay; alfalfa; flax; safflower; maize; all sorghums; all the cereal grains, including but not limited to wheat, barley, rice, field corn and oats; or cotton shall be classified as 0171, *Field Crops*.

This classification includes employees who provide tours of the production operations, including tours where product tasting samples are provided to customers not in connection with tasting room, retail store, or restaurant or tavern operations.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Tasting rooms shall be separately classified as 8060, *Stores – wine, beer or spirits – retail*.

Restaurants, taverns or the preparation and serving of hot food shall be separately classified as 9079(1), *Restaurants or Taverns*.

The production of beer or similarly brewed beverages shall be classified as 2121, *Breweries*.

The production of distilled spirits shall be classified as 2142(2), *Distilling*.

The manufacture of vinegar shall be classified as 2142(3), *Vinegar Mfg.*

The manufacture of nonalcoholic juice or juice concentrates from fruit, vegetables, nuts or seeds shall be classified as 2116, *Juice or Juice Concentrate Mfg.*

Blending and bottling purchased wine or distilled spirits shall be classified as 8041, *Stores – wine or spirits – wholesale*.

Retail stores shall be separately classified.

Growing or harvesting, including field packing, of crops shall be assigned to the applicable *Farms Industry Group* classification.

FOOD PRODUCTS MFG. OR PROCESSING – N.O.C.

See Food Packaging and Processing.

FOREST ENGINEERS – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons **8601(4)**

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to forest engineers performing forest management related duties in support of the employer's own operations or on a consulting basis. Such duties include but are not limited to developing or reviewing logging plans, computing the value of standing timber and planning extensions of fire roads constructed in connection with logging operations.

This classification includes timber cruising.

Commercial timber harvesting shall be separately classified as 2702(1), *Logging*.

FORGING WORKS – drop or machine – including trimming or grinding, heat treating and die making operations **3110(1)**

This classification applies to the heating and shaping of metal using compressive forces. This classification includes incidental processing operations, including but not limited to heat treating and trimming and grinding to remove excess metal. This classification also includes the manufacture of tool parts or dies that are used in the employer's operations.

The manufacture of hand-forged iron, brass, bronze or steel products shall be classified as 3110(3), *Blacksmithing*.

The casting of iron shall be classified as 3081, *Foundries – iron*.

The casting of steel shall be classified as 3082, *Foundries – steel castings*.

The casting of nonferrous metal shall be classified as 3085, *Foundries – nonferrous*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The machining of forged parts to produce finished parts or products, including but not limited to connectors, fittings, valves, couplings, connecting rods, cylinders, engine mounts, pliers, hammers, sledges, wrenches and sockets shall be separately classified.

FOUNDATION PREPARATION WORK – including foundation drilling – all operations to completion of substructure 6258

This classification applies to the preparation of construction sites for subsequent foundation construction, including but not limited to the drilling of foundation holes, construction of poured in place foundation piers, installation of shoring systems and incidental concrete work, masonry or pile driving, and all other operations to completion of the substructure. This classification also applies to the repair or strengthening of existing foundations.

This classification also applies to caisson and cofferdam work.

Building site excavation shall be separately classified as 6218(1)/6220(1), *Excavation – N.O.C.*

FOUNDRIES – investment casting – ferrous or nonferrous – all operations – including pattern and mold mfg. 3339

This classification applies to the manufacture of metal castings, either ferrous or nonferrous, by the lost wax or investment process.

Foundry operations are General Exclusions; therefore, unless specifically included in the language of a classification, foundry operations shall be separately classified. See Part 3, Section III, Rule 6, *General Exclusions*.

The manufacture of metal castings, either ferrous or nonferrous, by die casting shall be classified as 1925, *Die Casting Mfg.*

The manufacture of iron castings by methods other than die casting or the lost wax or investment process shall be classified as 3081, *Foundries – iron*.

The manufacture of steel castings by methods other than die casting or the lost wax or investment process shall be classified as 3082, *Foundries – steel castings*.

The manufacture of castings from nonferrous metals, including but not limited to aluminum, brass, zinc or bronze by methods other than die casting or the lost wax or investment process shall be classified as 3085, *Foundries – nonferrous*.

FOUNDRIES – iron – N.O.C. 3081

This classification applies to foundries that produce iron castings, including incidental processing operations such as the removal of gates, risers, burrs and flash.

This classification includes the manufacture of foundry sand cores that are used in the employer's foundry operations.

Foundry operations are General Exclusions; therefore, unless specifically included in the language of a classification, foundry operations shall be separately classified. See Part 3, Section III, Rule 6, *General Exclusions*.

The manufacture of patterns for use in foundry operations shall be separately classified as 2790, *Pattern or Model Mfg.*

The casting of nonferrous metal shall be classified as 3085, *Foundries – nonferrous*, in accordance with the provisions of the Multiple Enterprises rule.

The casting of steel shall be classified as 3082, *Foundries – steel castings*, in accordance with the provisions of the Multiple Enterprises rule.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Die casting shall be classified as 1925, *Die Casting Mfg.*

The manufacture of metal castings, either ferrous or nonferrous, by the lost wax or investment process shall be classified as 3339, *Foundries – investment casting.*

The machining and assembly of castings to produce finished parts or products, including but not limited to water meter covers, pump housings, fire grates, bolt anchors, gas burners and weights shall be separately classified.

FOUNDRIES – nonferrous – N.O.C.**3085**

This classification applies to foundries that produce nonferrous castings from metals, including but not limited to aluminum, brass, zinc, bronze and precious metals. This classification includes incidental processing operations such as the removal of gates, risers, burrs and flash.

This classification includes the manufacture of foundry sand cores that are used in the employer's foundry operations.

Foundry operations are General Exclusions; therefore, unless specifically included in the language of a classification, foundry operations shall be separately classified. See Part 3, Section III, Rule 6, *General Exclusions.*

The manufacture of patterns for use in foundry operations shall be separately classified as 2790, *Pattern or Model Mfg.*

The casting of steel shall be classified as 3082, *Foundries – steel castings*, in accordance with the provisions of the Multiple Enterprises rule.

The casting of iron shall be classified as 3081, *Foundries – iron*, in accordance with the provisions of the Multiple Enterprises rule.

Smelting, sintering, refining or alloying metals shall be classified as 1438, *Smelting, Sintering, Refining or Alloying.*

The machining and assembly of castings to produce finished parts or components, including but not limited to skateboard trucks, pump housings, propellers, fittings, billets, pulleys and valves shall be separately classified.

FOUNDRIES – steel castings**3082**

This classification applies to foundries that produce steel castings, including incidental processing operations such as the removal of gates, risers, burrs and flash.

This classification includes the manufacture of foundry sand cores that are used in the employer's foundry operations.

Foundry operations are General Exclusions; therefore, unless specifically included in the language of a classification, foundry operations shall be separately classified. See Part 3, Section III, Rule 6, *General Exclusions.*

The manufacture of patterns for use in foundry operations shall be separately classified as 2790, *Pattern or Model Mfg.*

The casting of nonferrous metal shall be classified as 3085, *Foundries – nonferrous*, in accordance with the provisions of the Multiple Enterprises rule.

The casting of iron shall be classified as 3081, *Foundries – iron*, in accordance with the provisions of the Multiple Enterprises rule.

Die casting shall be classified as 1925, *Die Casting Mfg.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The manufacture of metal castings, either ferrous or nonferrous, by the lost wax or investment process shall be classified as 3339, *Foundries – investment casting*.

The machining and assembly of castings to produce finished parts or products, including but not limited to water meter covers, pump housings, fire grates, bolt anchors, gas burners and weights shall be separately classified.

FREIGHT FORWARDERS OR CONSOLIDATORS – N.O.C.**7360(2)**

This classification applies to the consolidation or deconsolidation of freight at a terminal location in preparation for shipping by truck, air, rail or ship for other concerns on a fee basis. This classification includes the incidental pickup of freight for consolidation and forwarding purposes.

Unloading, consolidating and loading services performed for other concerns on a fee basis at customers' shipping or receiving terminals shall be classified as 7360(1), *Freight Handlers*.

The hauling of freight for other concerns on a fee basis and all incidental freight handling activities shall be separately classified.

The storage of freight for other concerns on a fee basis shall be separately classified.

FREIGHT HANDLERS – packing or handling merchandise at shipping or receiving terminals – N.O.C.**7360(1)**

This classification applies to unloading, consolidating and loading services for other concerns on a fee basis at customers' shipping or receiving terminals. This classification also applies to baggage handlers who load and unload aircraft for other concerns on a fee basis.

The consolidation or deconsolidation of freight at a terminal location by freight forwarders in preparation for shipping by truck, air, rail or ship for other concerns on a fee basis shall be classified as 7360(2), *Freight Forwarders or Consolidators*.

The hauling of freight for other concerns on a fee basis and all incidental freight handling activities shall be separately classified.

The storage of freight for other concerns on a fee basis shall be separately classified.

FRUIT – citrus fruit packing and handling – including storage

FRUIT OR VEGETABLE PROCESSING – fresh – ready-to-eat

See Food Packaging and Processing.

FRUIT OR VEGETABLE PROCESSING – frozen

See Food Packaging and Processing.

FUEL AND MATERIAL DEALERS – N.O.C. – including counterpersons**8232(3)**

This classification applies to dealers of solid combustible fuel materials, including but not limited to coal, charcoal, firewood, bark, sawdust and wood chips. This classification also applies to dealers of compost and green waste materials, including incidental composting.

The processing of green waste, including but not limited to grass clippings, leaves, weeds, tree trimmings and similar yard waste at garbage or refuse landfill, transfer station or material recovery facility locations that are operated by the same employer shall be classified as 9424(1), *Garbage or Refuse Landfill, Transfer Station and Material Recovery Facility Operations*.

The manufacturing or blending of bark, sawdust, compost, wood chips and other soil amendments that include manure or other animal by-products shall be classified as 4665, *Rendering or Fertilizer Mfg.*

The wholesale distribution of gasoline, oil, propane or other types of petroleum products shall be classified as 8350, *Gasoline or Oil Dealers*.

The manufacture of wood chips for sale to co-generation plants shall be classified as 2710(2), *Log Chipping*.

Commercial lumberyards shall be classified as 8232(1), *Lumberyards*.

The sale of building materials, including secondhand building materials, shall be classified as 8232(2), *Building Material Dealers*.

FUNERAL DIRECTORS – all employees – including receptionists**9620**

This classification applies to funeral directors engaged in activities, including but not limited to scheduling funerals, assisting customers with the selection of caskets, arranging for the interment of bodies, embalming and preparing bodies for funeral services and transporting deceased persons, or funeral attendees in connection with funeral directing services.

Cemetery operations shall be classified as 9220(1), *Cemetery Operation*.

Crematorium operations shall be classified as 9220(2), *Crematory Operation*.

Transporting deceased persons or funeral attendees, not performed in connection with funeral directing by the same employer shall be classified as 7382, *Bus, Shuttle Van or Limousine Operations*.

Providing motorcycle escorts to funeral homes on a contract basis shall be classified as 7365, *Taxicab Operations*.

FURNACE OR HEATER MFG.**3175**

This classification applies to the manufacture of industrial ovens or kilns, or commercial or household furnaces. This classification also applies to the manufacture of metal fireplaces, gas or propane space heaters, paint booth heaters, industrial clothes dryers or crematory equipment.

The installation, service or repair of heaters or furnaces within commercial or residential buildings away from the shop shall be classified as 5183(3)/5187(3), *Heating or Air Conditioning Equipment*, provided the same employer does not engage in the installation of ductwork at the

Part 3 – Standard Classification System**Section VII – Standard Classifications**

same job or location. The installation or repair of heating or air conditioning equipment where ductwork installation is performed by the employer at the same job or location shall be classified as 5538(2)/5542(2), *Heating or Air Conditioning Ductwork*.

The manufacture or shop repair by the manufacturer of portable electric space heaters shall be classified as 3570, *Electric Appliance Mfg.*

The manufacture of wood burning stoves, or gas or electric commercial or household stoves or ovens used in cooking or baking food shall be classified as 3169(1), *Stove or Oven Mfg.*

The manufacture of commercial or household water heaters if 50% or more of the metal used is lighter than #9 gauge shall be classified as 3169(2), *Water Heater Mfg.* If more than 50% of the metal used is #9 gauge or heavier, the manufacture of commercial or household water heaters shall be classified as 3620(1), *Boiler Mfg.*

The manufacture or shop repair of swimming pool or spa water heaters shall be classified as 3501(2), *Machinery Mfg. – swimming pool or spa.*

The manufacture or shop repair of industrial autoclaves shall be classified as 3560(2), *Machinery Mfg. – industrial.*

The installation, service or repair of industrial ovens or kilns shall be separately classified.

FURNITURE ASSEMBLING – wood – including finishing**2881(1)**

This classification applies to the assembly of wood furniture, including but not limited to tables, chairs, desks, bookcases, bed frames, entertainment cabinets, game tables, credenzas and church pews exclusively from parts manufactured by other concerns. This classification also applies to the assembly of bamboo, caning, wicker or reed products and woven wood products.

This classification also applies to the assembly of wood brooms and brushes.

Upholstery operations shall be separately classified as 9522(2), *Upholstering – furniture.*

The manufacture of wood furniture involving the manufacture and subsequent assembly of wood parts shall be classified as 2883, *Furniture Mfg. – wood.*

The manufacture of unassembled wood furniture parts shall be classified as 2842, *Wood Products Mfg.*

The manufacture of metal furniture shall be classified as 3076(1), *Furniture Mfg. – metal.* The manufacture of combination metal and wood furniture shall be classified based on the predominant material used.

The manufacture of plastic furniture shall be separately classified.

FURNITURE MFG. – metal**3076(1)**

This classification applies to the manufacture of metal furniture, including but not limited to tables, chairs, desks, bed frames, bookcases and storage, filing or medicine cabinets. This classification also applies to the manufacture of metal bicycles, coffins and caskets, garment racks, display racks and vending machines.

Furniture upholstery operations shall be separately classified as 9522(2), *Upholstering – furniture.*

The upholstery of coffins and caskets shall be separately classified as 9522(4), *Upholstering – coffin or casket.*

The manufacture of wood furniture involving the manufacture and subsequent assembly of wood parts shall be classified as 2883, *Furniture Mfg. – wood.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The assembly of wood furniture exclusively from parts manufactured by other concerns shall be classified as 2881(1), *Furniture Assembling*.

The manufacture of combination metal and wood furniture shall be classified based on the predominant material used.

The manufacture of metal wheelchairs shall be classified as 3076(6), *Wheelchair Mfg.*

FURNITURE MFG. – wood – including assembling or finishing**2883**

This classification applies to the manufacture of freestanding wood furniture, including but not limited to tables, chairs, desks, bookcases, bed frames, entertainment cabinets, game tables, credenzas, church pews and furniture frames. This classification also applies to incidental veneer operations.

Upholstery operations shall be separately classified as 9522(2), *Upholstering – furniture*.

The manufacture of cabinets and fixtures that are designed to be affixed to building walls or floors shall be classified as 2812, *Cabinet Mfg.*

The assembly of wood furniture exclusively from parts manufactured by other concerns shall be classified as 2881(1), *Furniture Assembling*.

The manufacture of metal furniture shall be classified as 3076(1), *Furniture Mfg. – metal*. The manufacture of combination metal and wood furniture shall be classified based on the predominant material used.

The manufacture of plastic furniture shall be separately classified.

FURNITURE MOVING – including packing or handling**8293(2)**

This classification applies to transporting, preparing or packing furniture or household goods for other concerns on a fee basis. This classification also applies to transporting, preparing or packing office furniture or fixtures for other concerns on a fee basis.

The storage of new furniture for furniture manufacturers or stores shall be classified as 8292, *Warehouses – general merchandise*.

The storage of furniture or household goods for other concerns on a fee basis shall be classified as 8293(1), *Warehouses – furniture*.

The storage of portable storage units, regardless of their contents, shall be classified as 8292, *Warehouses – general merchandise*.

The transporting of furniture under contract for furniture manufacturers or stores shall be classified as 7219(1), *Trucking Firms*.

The disassembly and reinstallation of modular furniture, partitions or workstations in connection with moving office furniture shall be separately classified as 5146(1), *Cabinet, Fixture or Trim Installation*.

G

GALVANIZING – hot dip**3372(4)**

This classification applies to hot dip galvanizing, which is the process of coating iron or steel with a layer of zinc by immersing the metal in a bath of molten zinc, for other concerns on a fee basis.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Galvanizing operations, when performed by the same employer in connection with its manufacturing, repair or service operations, shall be assigned to the applicable manufacturing, repair or service classification.

Electrogalvanizing shall be classified as 3372(1), *Electroplating, Electrogalvanizing or Anodizing*.

GARBAGE OR REFUSE COLLECTING

See Recycling and Refuse Management.

GARBAGE OR REFUSE LANDFILL, TRANSFER STATION AND MATERIAL RECOVERY FACILITY OPERATIONS

See Recycling and Refuse Management.

GAS MAINS OR CONNECTIONS CONSTRUCTION – including tunneling at street crossings – employees whose regular hourly wage does not equal or exceed \$38.00 per hour 6315(2)

This classification applies to the construction of gas mains and laterals from the main line to the property line, and includes incidental trenching, shoring and tunneling at street crossings. This classification also applies to the installation of gas lines within property lines when the gas pipe exceeds 6" in diameter.

The installation of gas lines within property lines using pipe that does not exceed 6" in diameter shall be classified as 5183(1)/5187(1), *Plumbing*.

The construction of cross-country pipelines between natural gas producing fields and points of connection with local distributing systems shall be separately classified as 6233, *Oil or Gas Pipeline Construction*.

All tunneling other than at street crossings shall be separately classified.

GAS MAINS OR CONNECTIONS CONSTRUCTION – including tunneling at street crossings – employees whose regular hourly wage equals or exceeds \$38.00 per hour 6316(2)

Assignment of this classification is subject to verification at the time of final audit that the employee's regular hourly wage equals or exceeds \$38.00 per hour. The payroll of an employee whose regular hourly wage is not shown to equal or exceed \$38.00 per hour shall be classified as 6315(2), *Gas Mains or Connections Construction*.

This classification applies to the construction of gas mains and laterals from the main line to the property line, and includes incidental trenching, shoring and tunneling at street crossings. This classification also applies to the installation of gas lines within property lines when the gas pipe exceeds 6" in diameter.

The installation of gas lines within property lines using pipe that does not exceed 6" in diameter shall be classified as 5183(1)/5187(1), *Plumbing*.

The construction of cross-country pipelines between natural gas producing fields and points of connection with local distributing systems shall be separately classified as 6233, *Oil or Gas Pipeline Construction*.

All tunneling other than at street crossings shall be separately classified.

GAS WORKS – all operations – including construction or extension of lines 7500

This classification applies to the operations of publicly or privately operated natural gas utility companies. The operations include but are not limited to the operation and maintenance of gas processing and storage plants; construction or repair of gas lines and valves; installation, repair and replacement of flow regulation and metering devices; meter reading activities; and the sale and delivery of containerized propane or liquefied petroleum gas.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The sale and delivery of containerized propane or liquefied petroleum gas by separate concerns shall be classified as 8350, *Gasoline or Oil Dealers*.

The operation of gas pipelines on a fee basis shall be classified as 7515, *Oil or Gas Pipeline Operation*.

The construction of gas pipelines between natural gas producing fields and points of connection with local distributing systems by separate concerns shall be classified as 6233, *Oil or Gas Pipeline Construction*.

The construction of gas mains along streets or roads by separate concerns shall be classified as 6315(2)/6316(2), *Gas Mains or Connections Construction*.

GASKET MFG.**4983**

This classification applies to the manufacture of gaskets or o-rings from materials, including but not limited to metal, rubber, plastic, cork, paper or composite materials. This classification includes the laminating of gasket materials.

The manufacture of stamped metal washers from metal sheet stock shall be classified as 3400, *Metal Goods Mfg.*

The manufacture of various metal hardware items, including but not limited to builders' hardware; electrical outlet and switch boxes; hinges; locks; pipe or cable hangers; brackets, latches, and casters; door, window and cabinet hardware; and drawer slides hardware shall be classified as 3146(1), *Hardware Mfg.*

GASOLINE OR OIL DEALERS – wholesale – including mixing or blending

See Petroleum Industry.

GASOLINE RECOVERY

See Petroleum Industry.

GASOLINE STATIONS – retail – all employees – including cashiers

See Automotive Industry.

GATE OR CORRAL MFG. – tube or pipe stock**3401(2)**

This classification applies to the manufacture of metal gates, corrals, stanchions and fence sections if more than 50% of the metal used is tube or pipe stock.

The manufacture of metal products not more specifically described by another classification shall be classified as 3401(1), *Tube or Pipe Products Mfg.*, if more than 50% of the metal used is tube or pipe stock.

The fabrication of structural iron or steel components used in the framing of buildings, whether or not tubular stock is utilized, shall be classified as 3030, *Iron or Steel Works – structural*.

The fabrication of non-structural architectural or ornamental iron or steel components, whether or not tubular stock is utilized, shall be classified as 3040, *Iron or Steel Works – non-structural*.

GLASS MERCHANTS – including bending, grinding, beveling or silvering plate glass – including counterpersons**4130**

This classification applies to glass merchants that sell glass stock or insulated glass units to other concerns. This classification also applies to related fabrication, including but not limited to the cutting, beveling, tempering, laminating and polishing of glass as required by customer orders, and the incidental engraving of the fabricated glass. This classification also applies to the

Part 3 – Standard Classification System**Section VII – Standard Classifications**

manufacture of mirrored glass by silvering. This classification includes the shop repair of glass items, including but not limited to windows, mirrors and table tops.

Glass cutting operations that are performed in connection with door or window manufacturing operations by the same employer shall be classified as 3060(1), *Door or Window Mfg. – metal or plastic*.

The manufacture of hand-blown or hand-assembled glass products shall be classified as 4111(1), *Glassware Mfg. – no automatic or semi-automatic machines*.

The manufacture of glass products by use of automatic or semi-automatic machines shall be classified as 4114, *Glassware Mfg. – N.O.C.*

The manufacture of stained glass windows, leaded glass windows, art glass panels, glass mosaics or lampshades shall be classified as 4111(3), *Cathedral or Art Glass Products Mfg.*

The installation of tub or shower enclosures, mirrors, mirrored wardrobe doors or window screens shall be separately classified as 5146(1), *Cabinet, Fixture or Trim Installation*.

The repair or replacement of automobile or truck glass shall be separately classified as 8389, *Automobile or Truck Repair Facilities*.

The installation of glass panes or insulated glass units at customers' locations shall be separately classified as 5467/5470, *Glaziers*.

GLASSWARE MFG. – no automatic or semi-automatic machines**4111(1)**

This classification applies to the manufacture of hand-blown or hand-assembled glass products, including but not limited to figurines, jewelry boxes, picture frames, aquariums, tile, laboratory beakers and test tubes.

The manufacture of glass products using automatic or semi-automatic machines shall be classified as 4114, *Glassware Mfg. – N.O.C.*

The manufacture of stained glass windows, leaded glass windows, art glass panels, glass mosaics and lampshades shall be classified as 4111(3), *Cathedral or Art Glass Products Mfg.*

The manufacture of glass lamps or tubes, including but not limited to incandescent lamps, fluorescent tubes, electronic tubes and arc lamps shall be classified as 4111(2), *Incandescent Lamp and Fluorescent Tube Mfg.*

The manufacture of optical goods from optical grade glass, plastic or metal, including but not limited to light filters, prisms and reflectors shall be classified as 4150(1), *Optical Goods Mfg.*

The manufacture of optical lenses shall be classified as 4150(2), *Lens Mfg.*

Sand or gravel digging, clay digging, or quarrying shall be separately classified.

GLASSWARE MFG. – N.O.C.**4114**

This classification applies to the manufacture of glass products, including but not limited to bottles, jars, blocks, bricks, tile, glass fiber, automobile windshields and sheet, rod and tube stock by use of automatic or semi-automatic machines.

The manufacture of hand-blown or hand-assembled glass products, including but not limited to figurines, jewelry boxes, picture frames, aquariums, tile, laboratory beakers and test tubes, shall be classified as 4111(1), *Glassware Mfg. – no automatic or semi-automatic machines*.

The manufacture of stained glass windows, leaded glass windows, art glass panels, glass mosaics and lampshades shall be classified as 4111(3), *Cathedral or Art Glass Products Mfg.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The manufacture of glass lamps or tubes, including but not limited to incandescent lamps, fluorescent tubes, electronic tubes and arc lamps shall be classified as 4111(2), *Incandescent Lamp and Fluorescent Tube Mfg.*

The manufacture of optical goods from optical grade glass, plastic or metal, including but not limit to light filters, prisms and reflectors shall be classified as 4150(1), *Optical Goods Mfg.*

The manufacture of optical lenses shall be classified as 4150(2), *Lens Mfg.*

Sand or gravel digging, clay digging or quarrying shall be separately classified.

GLAZIERS – away from shop – employees whose regular hourly wage does not equal or exceed \$36.00 per hour	5467
--	-------------

This classification applies to the installation of glass panes or insulated glass units within framework in connection with residential or commercial buildings. This classification includes the incidental installation of framework and glass cutting at the job site.

The installation of prefabricated doors, door frames or pre-glazed windows within residential or commercial buildings shall be classified as 5107, *Door, Door Frame or Pre-Glazed Window Installation*, provided such operations are not performed in connection with structures framed by the employer at the same job or location. If the employer is engaged in wood or light gauge steel framing, the installation of doors, door frames or pre-glazed windows at such job or location shall be classified as 5403/5432, *Carpentry*, or 5632/5633, *Steel Framing*.

The installation of tub or shower enclosures, mirrors, mirrored wardrobe doors or window screens shall be separately classified as 5146(1), *Cabinet, Fixture or Trim Installation*.

The application of window film or glass tinting shall be classified as 9507, *Sign Painting or Lettering and Quick Sign Shops*.

The shop cutting of glass shall be classified as 4130, *Glass Merchants*.

The repair or replacement of automobile or truck glass shall be separately classified as 8389, *Automobile or Truck Repair Facilities*.

GLAZIERS – away from shop – employees whose regular hourly wage equals or exceeds \$36.00 per hour	5470
---	-------------

Assignment of this classification is subject to verification at the time of final audit that the employee's regular hourly wage equals or exceeds \$36.00 per hour. The payroll of an employee whose regular hourly wage is not shown to equal or exceed \$36.00 per hour shall be classified as 5467, *Glaziers*.

This classification applies to the installation of glass panes or insulated glass units within framework in connection with residential or commercial buildings. This classification includes the incidental installation of framework and glass cutting at the job site.

The installation of prefabricated doors, door frames or pre-glazed windows within residential or commercial buildings shall be classified as 5107, *Door, Door Frame or Pre-Glazed Window Installation*, provided such operations are not performed in connection with structures framed by the employer at the same job or location. If the employer is engaged in wood or light gauge steel framing, the installation of doors, door frames or pre-glazed windows at such job or location shall be classified as 5403/5432, *Carpentry*, or 5632/5633, *Steel Framing*.

The installation of tub or shower enclosures, mirrors, mirrored wardrobe doors or window screens shall be separately classified as 5146(1), *Cabinet, Fixture or Trim Installation*.

The application of window film or glass tinting shall be classified as 9507, *Sign Painting or Lettering and Quick Sign Shops*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The shop cutting of glass shall be classified as 4130, *Glass Merchants*.

The repair or replacement of automobile or truck glass shall be separately classified as 8389, *Automobile or Truck Repair Facilities*.

GOLF CLUB OR FISHING ROD MFG., REPAIR OR ASSEMBLY**3574(2)**

This classification applies to the manufacture, repair or assembly of golf clubs or fishing rods. This classification also applies to the manufacture, repair or assembly of ski poles, archery bows, cross bows and arrows.

This classification does not apply to the fitting or adjustment of golf clubs or fishing rods incidental to the retail sale of these items.

GRADING LAND – N.O.C. – including borrowing, filling or backfilling – employees whose regular hourly wage does not equal or exceed \$38.00 per hour**6218(2)**

This classification applies to land grading that is not more specifically described by another classification.

Trenching operations conducted in connection with the construction of canals, irrigation systems, cross-country water pipelines, oil or gas pipelines or sewers shall be assigned to the applicable construction classification.

Grading when performed in connection with the construction of streets, roads, highways or airport runways, or grading of all other areas in preparation for asphalt paving, shall be classified as 5507, *Street or Road Construction – grading*.

Mass rock excavation, pile driving, shaft sinking, or caisson or cofferdam work shall be separately classified.

GRADING LAND – N.O.C. – including borrowing, filling or backfilling – employees whose regular hourly wage equals or exceeds \$38.00 per hour**6220(2)**

Assignment of this classification is subject to verification at the time of final audit that the employee's regular hourly wage equals or exceeds \$38.00 per hour. The payroll of an employee whose regular hourly wage is not shown to equal or exceed \$38.00 per hour shall be classified as 6218(2), *Grading Land*.

This classification applies to land grading that is not more specifically described by another classification.

MACARONI MFG.

See Food Packaging and Processing.

MACHINE MFG. – office or sewing – N.O.C.**3574(1)**

This classification applies to the manufacture of mechanical and electrical-mechanical machines, including but not limited to photocopiers, staplers, labelers, postage affixers, money counters, sewing machines and film developing equipment. This classification also applies to the manufacture of cash registers, carburetors, speedometers, small arms and air pressure regulators. This classification also applies to refurbishing and refilling used printer toner and ink cartridges.

The manufacture of electronic office machines shall be assigned to the applicable *Electronics Industry Group* classification.

MACHINE SHOPS – aircraft components**3831**

This classification applies to employers that are approved by the Federal Aviation Administration and manufacture or repair machined aircraft components or accessories (not aircraft engines) when such operations are not performed directly on the aircraft or in connection with the removal and reinstallation of components or accessories by the same employer.

Aircraft engine manufacturing or rebuilding not in connection with aircraft manufacturing by the same employer shall be classified as 3805(1), *Aircraft Engine Mfg. or Rebuilding*.

The repair, rebuilding or modification of aircraft components or accessories, including engines, when performed directly on the aircraft or in connection with the removal and reinstallation of components or accessories by the same employer, shall be classified as 7428(3), *Aircraft Remanufacture, Conversion, Modification and Repair Companies*.

MACHINE SHOPS – N.O.C.**3632**

This classification applies to machining operations performed on a contract or proprietary basis when such operations are not specifically described by another machining, manufacturing or assembly classification. This classification includes the drilling of printed circuit boards on a contract basis.

Manufacturing screw machine products, including but not limited to connectors, fittings, spacers, pins and bushings, on a fee basis or as proprietary products using fully automatic screw machines for some or all of the machining operations shall be classified as 3152(3), *Screw Machine Products Mfg.*

Manufacturing nuts, bolts, screws or similar threaded fasteners shall be classified as 3152(2), *Nut, Bolt or Screw Mfg.*

Employers that are approved by the Federal Aviation Administration and manufacture or repair machined aircraft components or accessories (not aircraft engines) shall be classified as 3831, *Machine Shops – aircraft components*, provided the employer does not perform such operations directly on the aircraft or remove and reinstall the components or accessories.

Manufacturing new automobile, truck or motorcycle parts shall be classified as 3840, *Automobile, Truck or Motorcycle Parts Mfg.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The rebuilding of automobile, truck or motorcycle parts shall be classified as 3828, *Automobile or Truck Parts Rebuilding*.

MACHINERY AND EQUIPMENT DEALERS – N.O.C.**8107**

This classification applies to dealers of new machinery or equipment, including but not limited to excavators, loaders, graders, conveyors, pumps, generators, mobile cranes, bulldozers, machine tools, welding equipment, industrial motors or engines, oil or gas well equipment, food processing equipment and mining or ore milling equipment, that are not more specifically described by another classification. This classification includes the display and sale of machines, equipment or parts and the demonstration, get-ready or shop repair of machinery or equipment when performed by the dealer. This classification also includes the incidental sale of used machinery received as trade-in merchandise.

Dealers whose sales of used machinery exceed 25% of gross receipts shall be classified as 8267, *Machinery and Equipment Dealers – secondhand*.

The sale of farm equipment shall be classified as 8116, *Farm Machinery Dealers or Repair Facilities*.

Installation, service or repair operations away from the employer's premises shall be separately classified as 3724(1), *Millwright Work*.

MACHINERY AND EQUIPMENT DEALERS – secondhand – including incidental reconditioning or repairing**8267**

This classification applies to dealers of secondhand machinery or equipment, including but not limited to excavators, loaders, graders, conveyors, bulldozers, mobile cranes, machine tools, farm machinery or equipment, and welding, mining, food processing, well drilling or ore milling equipment.

Dealers whose sales of new machinery or equipment, other than farm machinery or equipment, equal or exceed 75% of gross receipts shall be classified as 8107, *Machinery and Equipment Dealers*.

Dealers whose sales of new farm machinery or equipment equal or exceed 75% of gross receipts shall be classified as 8116, *Farm Machinery Dealers or Repair Facilities*.

The sale of new oil, gas or water well equipment shall be classified as 8107, *Machinery and Equipment Dealers*.

The sale of pipe, tubing, flanges, fittings or valves for oil, gas or water wells, and the sale of used pipe, including incidental cleaning operations to prepare the pipe for sale, shall be classified as 8010, *Stores – hardware, electrical or plumbing supplies*.

Installation or repair operations away from the employer's premises shall be separately classified as 3724(1), *Millwright Work*.

MACHINERY MFG. – commercial food processing equipment**3560(1)**

This classification applies to the manufacture or shop repair of commercial food processing equipment or machinery, including but not limited to bakery machinery, food choppers, mixers, grinders, slicing machines, meat and poultry processing machinery, fruit or vegetable grading equipment, bottling equipment, food packaging equipment and juice extractors.

The manufacture of household food processing appliances shall be classified as 3570, *Electric Appliance Mfg.*

The manufacture of commercial or household ovens or stoves shall be classified as 3169(1), *Stove or Oven Mfg.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Installation or repair operations away from the shop shall be separately classified.

MACHINERY MFG. – industrial – N.O.C.**3560(2)**

This classification applies to the manufacture or shop repair of stationary industrial machinery utilized in metal working, woodworking, plastics manufacturing, textiles, paper producing, printing or chemical industries. This includes industrial machinery such as lathes, drills, compressors, autoclaves, printing equipment, bindery equipment, power presses, plating units, chemical mixers and robotic systems that are not material handling systems.

The manufacture or shop repair of portable power tools or machinery shall be classified as 3501(1), *Machinery Mfg. – portable tools*.

The manufacture of commercial food processing equipment or machinery shall be classified as 3560(1), *Machinery Mfg. – commercial food processing equipment*.

The manufacture or shop repair of material handling equipment, including robotic material handling systems, shall be classified as 3560(3), *Machinery Mfg. – material handling equipment*.

The manufacture or shop repair of agricultural, construction, mining or ore milling equipment shall be classified as 3507, *Machinery or Equipment Mfg.*

Installation, service or repair operations away from the shop shall be separately classified.

MACHINERY MFG. – material handling equipment**3560(3)**

This classification applies to the manufacture or shop repair of material handling equipment, including but not limited to conveyors, pallet jacks, loading and unloading equipment, industrial carts, robotic material handling systems, and packaging or labeling equipment.

The manufacture of forklift trucks shall be classified as 3815(1), *Truck, Truck Trailer or Bus Mfg. or Assembling*.

The manufacture of portable power tools shall be classified as 3501(1), *Machinery Mfg. – portable tools*.

The manufacture or shop repair of agricultural, construction, mining or ore milling equipment shall be classified as 3507, *Machinery or Equipment Mfg.*

Installation or repair operations away from the shop shall be separately classified.

MACHINERY MFG. – portable tools**3501(1)**

This classification applies to the manufacture or shop repair of portable power tools or machinery, including but not limited to spray guns, pneumatic tools, air compressors, compactors, grinders, vibrators, chain saws, saws, staple guns, hand drills, routers, sanders, and portable lawn care equipment such as leaf blowers, lawn mowers, lawn edgers, hedgers and seeders. This classification also applies to the manufacture or shop repair of household lawn or garden tractors.

The manufacture of non-powered cutting, machining or hand tools shall be classified as 3099, *Tool Mfg.*

The manufacture or shop repair of swimming pool or spa equipment shall be classified as 3501(2), *Machinery Mfg. – swimming pool or spa*.

The manufacture or shop repair of agricultural, construction or ore mining or milling equipment shall be classified as 3507, *Machinery or Equipment Mfg.*

The manufacture of stationary industrial machinery shall be classified as 3560(2), *Machinery Mfg. – industrial*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Installation, service or repair operations away from the shop shall be separately classified.

MACHINERY MFG. – swimming pool or spa**3501(2)**

This classification applies to the manufacture or shop repair of swimming pool or spa equipment, including but not limited to pumps, filters, heaters, pool sweeps and air blowers. This classification also applies to the assembly of components, including but not limited to pumps, filters, heaters, tubing, controls, electrical wire, spa shells and cabinet panels to produce portable spas.

The repair of swimming pool or spa equipment away from the shop shall be separately classified.

The manufacture of plastic spa shells shall be separately classified as 4497, *Plastics – fiber reinforced plastic products mfg.*

The manufacture of wood cabinet panels for use in the manufacture of portable spas shall be separately classified as 2842, *Wood Products Mfg.*

The construction of inground swimming pools or spas shall be separately classified.

MACHINERY OR EQUIPMENT MFG. – agricultural, construction, mining or ore milling**3507**

This classification applies to the manufacture or shop repair of agricultural, construction, mining or ore milling equipment, including but not limited to tractors, combines, harvesters, road construction equipment, boom cranes, personnel lifts, plaster spraying equipment, bridge crane trucks, oil well drilling equipment, earth moving equipment, paving equipment, jaw crushers, hammer mills and grinding mills.

The manufacture or shop repair of portable power tools, portable power machinery or household lawn or garden tractors shall be classified as 3501(1) *Machinery Mfg. – portable tools.*

The manufacture of commercial food processing equipment or machinery shall be classified as 3560(1), *Machinery Mfg. – commercial food processing equipment.*

The manufacture of stationary industrial machinery utilized in metal working, woodworking, plastics manufacturing, textiles, paper producing, printing or chemical industries shall be classified as 3560(2), *Machinery Mfg. – industrial.*

The manufacture of material handling equipment shall be classified as 3560(3), *Machinery Mfg. – material handling equipment.*

The repair of agricultural, construction, mining or ore milling machinery or equipment away from the shop shall be separately classified as 3724(1), *Millwright Work.*

MAIL DELIVERY SERVICE COMPANIES – firms operating under contract to the United States**7232****Postal Service – all employees**

This classification applies to delivery service companies that contract with the United States Postal Service to transport parcels, packages and bulk mail between regional mail processing facilities, from regional mail processing facilities to local post offices, or from local post offices to addressees.

Masonry work performed in connection with sewer construction shall be classified as 6307/6308, *Sewer Construction*.

MASONRY – employees whose regular hourly wage equals or exceeds \$32.00 per hour – N.O.C. 5028

Assignment of this classification is subject to verification at the time of final audit that the employee's regular hourly wage equals or exceeds \$32.00 per hour. The payroll of an employee whose regular hourly wage is not shown to equal or exceed \$32.00 per hour shall be classified as 5027, *Masonry*.

This classification applies to the construction of structures, load bearing or non-load bearing walls, fences, fireplaces, walkways, retaining walls, barbecues, enclosures or similar items using masonry materials, including but not limited to brick, natural or manufactured stone, concrete block and glass block. This classification also applies to the installation of swimming pool coping, fireproofing tile or cemetery monuments.

The installation of adhered or bonded lightweight architectural non-load bearing stone or brick veneer products shall be classified as 5348, *Tile, Stone, Mosaic or Terrazzo Work*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Masonry work performed in connection with sewer construction shall be classified as 6307/6308, *Sewer Construction*.

MATTRESS OR BOX SPRINGS MFG. – including pillow, quilt, comforter or cushion manufacturing	2570
---	-------------

This classification applies to the manufacture of mattresses and box springs, including incidental sewing operations. This classification applies to the manufacture of foam mattresses with sewn fabric covers. This classification also applies to the reconditioning of mattresses and box springs, and the manufacture of pillows, quilts, comforters or cushions when performed in connection with mattress and box spring manufacturing.

The manufacture of water bed bladders and inflatable mattresses shall be classified as 2501(1), *Clothing Mfg.*

The fabrication of foam material to manufacture mattress pads without sewn fabric covers shall be classified as 4496, *Plastics – fabricated products mfg.*

The manufacture of bed spring and wire mattress assemblies and the repair of springs in connection with the reconditioning of mattresses and box springs shall be separately classified as 3257, *Wire Goods Mfg.*

The manufacture of pillows, quilts, comforters or cushions not in connection with mattress and box spring manufacturing shall be classified as 2571, *Pillow, Quilt, Comforter or Cushion Mfg. – no mattress or box spring manufacturing*.

METAL STOCK DEALERS – ferrous or nonferrous – not metal scrap dealers	8106
--	-------------

This classification applies to the sale of new ferrous or nonferrous metal stock, including but not limited to iron, steel, aluminum, brass and bronze. This classification also applies to the sale of load bearing metal wire rope or cable. This classification includes cutting, shearing, slitting, bending and straightening that is performed in connection with metal sales.

The fabrication of structural iron or steel components shall be classified as 3030, *Iron or Steel Works – structural*.

The fabrication of non-structural architectural or ornamental iron, steel, brass or bronze items shall be classified as 3040, *Iron or Steel Works – non-structural*.

Dealers of ferrous, nonferrous or stainless steel scrap metal shall be classified as 8500, *Metal Scrap Dealers*.

Fixed locations (not mobile) where employers collect or purchase, sort, consolidate and sell recovered recyclable raw materials, including but not limited to glass, plastic, paper and rubber, and where the sale of ferrous or nonferrous scrap metal does not equal or exceed 25% of gross receipts shall be classified as 9424(2), *Recycled Material Dealers*.

Part 3 – Standard Classification System**Section VII – Standard Classifications****METAL WORKING CLASSIFICATIONS**

The following grouping includes classifications applicable to the manufacturing and machining of metal stock to produce an end-product that is not specifically described by another classification. Pursuant to Part 3, Section II, Rule 17, a classification having a N.O.C. (not otherwise classified) qualifier shall not be used if another classification more accurately describes the operation. As such, the following group does not include all possible classifications applicable to the manufacture or machining of metal products. For classifications that describe the manufacture or assembly of specific products, refer to the alphabetical listing of classifications. Foundry operations shall be classified in accordance with the provisions of Part 3, Section III, Rule 6, *General Exclusions*.

ALUMINUM WARE MFG. – shop only – from sheet aluminum**3066(3)**

This classification applies to the manufacture of various aluminum products from sheet stock, including but not limited to aluminum cookware, foil baking pans and aluminum baseball bats.

The shop fabrication of aluminum sheet metal products in connection with installation, construction or erection operations by the same employer shall be classified as 5538(1)/5542(1), *Sheet Metal Work*.

If more than 50% of the metal used is sheet copper or brass, the operations shall be classified as 3066(4), *Coppersmithing*.

BOILER MFG. – plate steel – shop only**3620(1)**

This classification applies to the manufacture or shop repair of boilers, water heaters and tube and shell type heat exchangers if more than 50% of the metal used is #9 gauge or heavier. If 50% or more of the metal used is lighter than #9 gauge, the operations shall be classified as 3169(2), *Water Heater Mfg.*

Payroll of a tool and die department shall be assigned to Classification 3099, *Tool Mfg.*, if more than 50% of the tools and dies are sold commercially and are not used in any way in the employer's production operations. Otherwise, the payroll of a tool and die department shall be assigned to Classification 3620(1).

The manufacture of industrial ovens or kilns and commercial or household furnaces or heaters shall be classified as 3175, *Furnace or Heater Mfg.*

The installation and outside repair of boilers, water heaters and tube and shell type heat exchangers shall be classified as 3726, *Boiler Installation, Service or Repair*.

COPPERSMITHING – shop only**3066(4)**

This classification applies to the manufacture of various copper and brass products from sheet stock, including but not limited to cookware, architectural metalwork, sculptural and ornamental items, and metal musical instruments such as trumpets, cornets, horns and tubas.

Shop manufacture of copper or brass sheet metal products in connection with installation, construction or erection operations by the same employer shall be classified as 5538(1)/5542(1), *Sheet Metal Work*.

If more than 50% of the metal used is sheet aluminum, the operations shall be classified as 3066(3), *Aluminum Ware Mfg.*

IRON OR STEEL WORKS – non-structural – shop – fabricating, assembling or manufacturing ornamental brass, bronze or iron work; railings; balconies; fire escapes; staircases; iron shutters or other non-structural iron or steel work**3040**

This classification applies to the fabrication of non-structural architectural or ornamental iron, steel, brass or bronze products, including but not limited to railings, balconies, fire escapes,

Part 3 – Standard Classification System**Section VII – Standard Classifications**

staircases, shutters, and window and door grillwork from materials such as rod, bar, tube, square, angle and channel stock.

Employers engaged in the fabrication of both non-structural and structural iron or steel products shall be classified as 3040 if more than 50% of the shop time is devoted to the fabrication of non-structural iron or steel products. If 50% or more of the shop time is devoted to the fabrication of structural iron or steel products, the operations shall be classified as 3030, *Iron or Steel Works – structural*.

The manufacture of metal gates, corrals, stanchions and fence sections shall be classified as 3401(2), *Gate or Corral Mfg.*, if more than 50% of the metal used is tube or pipe stock.

The fabrication of miscellaneous non-structural metal products shall be classified as 3620(2), *Plate Steel Products Fabrication*, if more than 50% of the metal used is #9 gauge or heavier.

The cutting, bending, forming and assembly of reinforcing steel at a permanent shop or yard shall be classified as 3039, *Reinforcing Steel Fabrication*.

Casting of steel or rolling mills shall be separately classified.

IRON OR STEEL WORKS – structural – shop – fabricating or assembling girders, beams, columns, trusses, stringers or other structural iron or steel	3030
--	-------------

This classification applies to the fabrication of structural iron or steel components, including but not limited to girders, beams, columns, trusses, communications towers, light standards and stringers from materials such as “I”, “H” or “C” beams; channel, angle or bar stock; pipe; tubing; and sheet plate.

The erection of structural steel shall be separately classified.

Employers engaged in the fabrication of both structural and non-structural iron or steel products shall be classified as 3030 if 50% or more of the shop time is devoted to the fabrication of structural iron or steel products. If more than 50% of the shop time is devoted to the fabrication of non-structural iron or steel products, the operations shall be classified as 3040, *Iron or Steel Works – non-structural*.

The fabrication of miscellaneous non-structural metal products shall be classified as 3620(2), *Plate Steel Products Fabrication*, if more than 50% of the metal used is #9 gauge or heavier.

The cutting, bending, forming or assembly of reinforcing steel at a permanent shop or yard shall be classified as 3039, *Reinforcing Steel Fabrication*.

LEAD RECLAIMING OR ALLOYING – including litharge and lead oxide manufacturing	3647(2)
--	----------------

This classification applies to the extraction and processing of lead or the reclaiming of lead from used lead-based batteries or other scrap materials.

METAL GOODS MFG. – N.O.C.	3400
----------------------------------	-------------

This classification applies to the fabrication of miscellaneous metal products, including but not limited to brackets, clips, panels, washers, drums, tanks and chassis from metal sheet stock if more than 50% of the metal used is #10 to #14 gauge, or if more than 50% of the metal used is #15 or lighter and metal stamping payroll exceeds 10% of the total manufacturing payroll.

Metal stamping is defined as the operation of power-driven presses or brakes, or foot- or hand-power presses or brakes, used for blanking, forming, trimming, drawing, punching or assembling metal where the operator places each piece under the point of operation at each complete press or brake stroke.

Operations performed on power presses that may be interchangeably hand fed or automatically fed shall be considered metal stamping.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Metal stamping does not include (1) rotary punches, whether computer or manually controlled, which require only the loading and unloading of the work piece by the operator and do not require the operator to place or reposition the work piece after each stroke, or (2) hydraulic presses or brakes where the ram travel will automatically stop upon release of the activating mechanism.

Payroll of a tool and die department shall be assigned to Classification 3099, *Tool Mfg.*, if more than 50% of the tools and dies are sold commercially and are not used in any way in the employer's production operations. Otherwise, the payroll of a tool and die department shall be assigned to Classification 3400.

Employers engaged in rolling or drawing metal shall be classified as follows:

1. Employers engaged in the heating and rolling of metal stock shall be classified as 3018, *Steel Making or Processing*.
2. Employers engaged in the rerolling of metal stock shall be classified as 3018, *Steel Making or Processing*, if 50% or more of the metal stock used is #9 gauge or heavier.
3. Employers engaged in the rerolling of cold metal stock shall be classified as 3400, if more than 50% of the metal stock used is lighter than #9 gauge.
4. Employers engaged in the drawing of metal to produce rod stock 1/2" in diameter or larger shall be classified as 3018, *Steel Making or Processing*.
5. Employers engaged in the drawing of metal to produce wire or rod stock less than 1/2" in diameter shall be classified as 3241, *Wire, Wire Rope or Wire Cable Mfg.*

Also refer to Classifications 3066(1), *Sheet Metal Products Mfg.*, and 3620(2), *Plate Steel Products Fabrication*.

PIPE, TUBE OR EXTRUSION MFG. – metal – not iron or steel**3022**

This classification applies to the manufacture of extruded metal forms, including but not limited to pipe, square and round tube, angle, channel, molding and picture framing stock from nonferrous metals such as copper, brass, bronze or aluminum.

The manufacture of iron or steel stock shall be classified as 3018, *Steel Making or Processing*.

The manufacture of iron or steel pipe shall be classified as 3400, *Metal Goods Mfg.*, if more than 50% of the metal used is lighter than #9 gauge. If 50% or more of the metal used is #9 gauge or heavier, the operations shall be classified as 3018, *Steel Making or Processing*.

PLATE STEEL PRODUCTS FABRICATION – N.O.C.**3620(2)**

This classification applies to the fabrication of miscellaneous plate steel products and metal tanks when more than 50% of the metal used is #9 gauge or heavier.

Payroll of a tool and die department shall be as assigned to Classification 3099, *Tool Mfg.*, if more than 50% of the tools and dies are sold commercially and are not used in any way in the employer's production operations. Otherwise, the payroll of a tool and die department shall be assigned to Classification 3620(2).

The manufacture of boilers from plate steel stock shall be classified as 3620(1), *Boiler Mfg.*

Also refer to Classifications 3400, *Metal Goods Mfg.*, and 3066(1), *Sheet Metal Products Mfg.*

REINFORCING STEEL FABRICATION – at permanent shop or yard location**3039**

This classification applies to the cutting, bending, forming or assembly of reinforcing steel at a permanent shop or yard location.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The fabrication of reinforcing steel at job sites shall be assigned to the appropriate construction classification.

SHEET METAL PRODUCTS MFG. – shop only – N.O.C.**3066(1)**

This classification applies to the manufacture of sheet metal products, including but not limited to brackets, chassis, panels and covers when more than 50% of the metal used is #15 gauge or lighter and metal stamping payroll, if any, does not exceed 10% of the total manufacturing payroll. If 50% or more of the metal used is #10 to #14 gauge, or if more than 50% of the metal used is #15 gauge or lighter and metal stamping payroll exceeds 10% of the total manufacturing payroll, operations shall be classified as 3400, *Metal Goods Mfg.*

Metal stamping is defined as the operation of power-driven presses or brakes and foot- or hand-power presses or brakes used for blanking, forming, trimming, drawing, punching or assembling metal where the operator places each piece under the point of operation at each complete press or brake stroke.

Operations performed on power presses that may be interchangeably hand fed or automatically fed shall be considered as metal stamping.

Metal stamping does not include (1) rotary punches, whether computer or manually controlled, which require only the loading and unloading of the work piece by the operator and does not require the operator to place or reposition the work piece after each stroke, or (2) hydraulic presses or brakes where the ram travel will automatically stop upon release of the activating mechanism.

Sheet metal products assignable to this classification include but are not limited to heating, ventilation and air conditioning duct work; electrical and electronic chassis and enclosures; metal musical instruments; and kitchen and restaurant equipment such as sinks, steam tables and overhead hoods.

The shop fabrication of sheet metal products in connection with installation, construction or erection operations by the same employer shall be classified as 5538(1)/5542(1), *Sheet Metal Work*.

If more than 50% of the metal used is sheet aluminum, the operations shall be classified as 3066(3), *Aluminum Ware Mfg.*

If more than 50% of the metal used is sheet copper or brass, the operations shall be classified as 3066(4), *Coppersmithing*.

Also refer to Classifications 3400, *Metal Goods Mfg.*, and 3620(2), *Plate Steel Products Fabrication*.

STEEL MAKING OR PROCESSING**3018**

This classification applies to the reduction or casting of metal and the subsequent rolling or re-rolling of hot or cold steel to produce steel products, including but not limited to plate, sheet, rod, tube, pipe or coil stock.

Employers engaged in rolling or drawing metal shall be classified as follows:

1. Employers engaged in the heating and rolling of metal stock shall be classified as 3018.
2. Employers engaged in the re-rolling of metal stock shall be classified as 3018 if 50% or more of the metal stock used is #9 gauge or heavier.
3. Employers engaged in the re-rolling of cold metal stock shall be classified as 3400, *Metal Goods Mfg.*, if more than 50% of the metal stock used is lighter than #9 gauge.
4. Employers engaged in the drawing of metal to produce rod stock 1/2" in diameter or larger shall be classified as 3018.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

5. Employers engaged in the drawing of metal to produce wire or rod stock less than 1/2" in diameter shall be classified as 3241, *Wire, Wire Rope or Wire Cable Mfg.*

The manufacture of nonferrous extruded metal forms shall be classified as 3022, *Pipe, Tube or Extrusion Mfg.*

The fabrication of miscellaneous plate steel products or metal tanks when more than 50% of the metal used is #9 gauge or heavier shall be classified as 3620(2), *Plate Steel Products Fabrication.*

TUBE OR PIPE PRODUCTS MFG. – N.O.C.**3401(1)**

This classification applies to the manufacture of metal products not more specifically described by another classification, including but not limited to awning framework, bike frames, tent frames, luggage racks and scaffolding if more than 50% of the metal used is tubular stock. It also applies to employers engaged in bending, cutting, threading or perforating tube or pipe on a fee basis when more than 50% of the metal is tube or pipe stock.

The fabrication of gates, corrals and fence sections from tube stock shall be classified as 3401(2), *Gate or Corral Mfg.*

The fabrication of structural steel components used in the framing of buildings, whether or not tubular stock is utilized, shall be classified as 3030, *Iron or Steel Works – structural.*

The fabrication of non-structural architectural or ornamental iron or steel components, whether or not tubular stock is utilized, shall be classified as 3040, *Iron or Steel Works – non-structural.*

The manufacture of nonferrous pipe or tube stock shall be classified as 3022, *Pipe, Tube or Extrusion Mfg.*

WIRE GOODS MFG. – N.O.C.**3257**

This classification applies to the manufacture of products from wire stock, including but not limited to springs; wire display racks; wire cloth; guitar strings; wire brush; classifying and grading screens; wire mattress assemblies; barbed wire and chain link fence fabric.

The manufacture of mattresses and box springs shall be classified as 2570, *Mattress or Box Springs Mfg.*

Also refer to Classifications 3241, *Wire, Wire Rope or Wire Cable Mfg. – including wire drawing*, and 4470, *Wire, Wire Rope or Wire Cable Mfg. – no wire drawing.*

MILLWRIGHT WORK – N.O.C. – erection or repair of machinery or equipment at customers' locations**3724(1)**

This classification applies to the operation, installation, service or repair of machinery or equipment, including but not limited to agricultural, construction, industrial, sawmill, food processing and commercial equipment at customers' locations unless the work is specifically described by another classification. This classification also applies to the installation, service or repair of machinery or equipment, including but not limited to pumps (such as gasoline, oil or water pumps), conveyor systems, printing presses, automated "pick and place" machinery, industrial laundry equipment, filling and bottling equipment, industrial scales, escalators, gate openers and air compressors, unless the work is specifically described by another classification. This classification also applies to stump grinding; rigging operations; or the installation or repair of spa or pool equipment when performed on a fee basis and not in connection with the employer's other operations at the same job or location.

This classification does not apply to the operation, installation or repair of machinery or equipment at facilities both occupied and operated by the employer; such operations shall be classified based on the employer's other classifiable operations.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The installation, service or repair of countertop appliances used in commercial kitchens shall be classified as 9519(1), *Household Appliances*.

Shop manufacturing or repair operations shall be separately classified.

MINING – ore milling – including sample analysis, crushing, concentration and separation 1452

This classification applies to the processing of ore for the purpose of recovering metals or minerals, including but not limited to gold, silver, nickel, graphite, coke, zinc and iron.

Surface mining (open pit method) of ores or minerals shall be separately classified as 1122, *Mining – surface*.

Underground mining operations shall be separately classified as 6251, *Tunneling or Underground Mining*.

Smelting, sintering, refining or alloying operations shall be classified as 1438, *Smelting, Sintering, Refining or Alloying*.

MINING – surface – no shafts, tunnels, or drifts – all employees 1122

This classification applies to surface mining (open pit method) of ores or minerals, including but not limited to gold, borax, graphite, gypsum and perlite. This classification includes all activities involved in the construction or operation of the mine, including but not limited to the construction of buildings, roads, water systems, power lines or tramways; the installation, operation or maintenance of machinery or equipment; the operation of commissaries; and blasting when performed by the mine operator. This classification includes mining engineers engaged in geophysical exploration, surveying or mapping of sites.

Ore milling operations shall be separately classified as 1452, *Mining – ore milling*.

Underground mining operations shall be classified as 6251, *Tunneling or Underground Mining*.

Rock quarrying operations shall be classified as 1624(1), *Quarries*.

Blasting operations performed on a fee basis shall be classified as 1330, *Blasting*.

MOBILE CRANE AND HOISTING SERVICE CONTRACTORS – N.O.C. – all operations – including yard employees 7219(3)

This classification applies to hoisting or lifting operations requiring the use of mobile hoisting equipment, including but not limited to cranes, block and fall, jacks, shoring timbers, rollers, ropes and cables. This classification includes rigging operations performed by employees of the mobile crane and hoisting contractor and the transportation of equipment to and from work sites.

This classification also applies to excavating, transporting and transplanting trees using mobile cranes or mobile hoisting equipment.

This classification also applies to the provision of mobile crane and hoisting equipment with operators on a rental basis, including subcontractors engaged in connection with wrecking, demolition or raising or moving buildings or structures who perform no other type of work at the job or location.

Rigging operations performed for other concerns on a fee basis by an employer not engaged in hoisting or lifting operations at a particular job or location shall be classified as 3724(1), *Millwright Work*.

Hoisting and lifting operations performed by an employer in connection with the employer's other classifiable operations shall not be separately classified.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

MOBILE, MODULAR OR MANUFACTURED HOME OR BUILDING MFG. – shop or yard work only 2797(1)

This classification applies to the manufacture of mobile, modular or manufactured buildings, at a permanent shop or yard location, whether the buildings are shipped to customers in assembled, partially assembled or kitted condition. Such buildings include but are not limited to barns, mobile homes, portable classrooms and construction office trailers.

The construction, erection or assembly of modular or manufactured homes or buildings away from the shop shall be separately classified.

The manufacture of individual wooden building components (not complete buildings) shall be classified as 2819, *Truss or Building Components Mfg.*

The manufacture of campers, travel trailers or motor homes shall be classified as 2797(3), *Recreational Vehicle Mfg.*

MOBILE HOME PARK OPERATION – all other employees

See Property Management/Operation.

MOBILE HOME PARK OPERATION – property management supervisors

See Property Management/Operation.

MORTGAGE BANKERS – all employees – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons 8749

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to companies that specialize in direct lending of funds for residential or commercial mortgages. This classification includes loaning money held on deposit and funding loans through a line of credit.

Commissioned loan brokers engaged exclusively in matching qualified mortgage applicants with lenders with no direct lending of funds shall be classified as 8743, *Mortgage Brokers*.

Real estate agencies that represent buyers, sellers, lessees and lessors in real estate transactions shall be classified as 8741, *Real Estate Agencies*.

The operation of depository financial institutions that are licensed as banks to perform financial services, including but not limited to accepting deposits, paying interest, clearing checks, making loans and exchanging currency, shall be classified as 8808, *Banks*.

MORTGAGE BROKERS – no direct lending – all employees – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons 8743

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to commissioned loan brokers engaged in matching qualified mortgage applicants with lenders.

Companies that specialize in direct lending of funds for residential or commercial mortgages shall be classified as 8749, *Mortgage Bankers*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Real estate agencies that represent buyers, sellers, lessees and lessors in real estate transactions shall be classified as 8741, *Real Estate Agencies*.

The operation of depository financial institutions that are licensed as banks to perform financial services, including but not limited to accepting deposits, paying interest, clearing checks, making loans and exchanging currency, shall be classified as 8808, *Banks*.

MOTION PICTURES – negative and print processors, distributors and film exchanges – not motion picture production companies	4362
---	-------------

This classification applies to firms that specialize in the developing, printing or distribution of motion pictures for other concerns on a fee basis. This classification also includes motion picture film restoration.

MOTION PICTURES – production – in studios and outside – all employees	9610
--	-------------

The entire remuneration of actors, musicians, producers and the motion picture director shall be included subject to a maximum of \$154,700 per year per person. When such employees do not work the entire year, the payroll limitation shall be prorated based upon the number of weeks in which such employees worked during the policy period.

This classification applies to companies that specialize in the production of motion pictures, television features, commercials, music videos, videotaped depositions, videotaped court proceedings or industrial films that are recorded on motion picture film stock, videotape, digital or other media.

Employees engaged exclusively in the electronic editing of digital files using computerized editing equipment are assignable to Classification 8810, *Clerical Office Employees*, or 8871, *Clerical Telecommuter Employees*, subject to the Standard Exceptions rule. See Section III, Rule 4, *Standard Exceptions*.

Employees who create animation using computer or digital applications are assignable to Classification 8810, *Clerical Office Employees*, or 8871, *Clerical Telecommuter Employees*, subject to the Standard Exceptions rule. See Section III, Rule 4, *Standard Exceptions*.

The payroll limitation of this classification is applicable to the director responsible for all aspects of production. The payroll for all other directors such as assistant and associate directors is not subject to limitation.

The payroll limitation also applies to motion picture producers responsible for overseeing the financial, administrative or creative aspects of a motion picture.

MOTORCYCLE DEALERS OR REPAIR FACILITIES – all operations – including accessory or spare parts sales and Outside Salespersons	8400
---	-------------

This classification applies to dealers engaged in the sale or service of new or used motorcycles. This classification also applies to independent motorcycle repair shops that are not dealers. This classification also applies to the sale or service of new or used all-terrain vehicles, snowmobiles and personal watercraft. Personal watercraft are motorized vessels, including waterbikes, designed to carry one to three riders.

Dealers engaged in the sale of motor vehicles, including but not limited to automobiles, trucks, buses, forklift trucks, golf carts, motor homes and trailers shall be classified as 8391, *Automobile or Truck Dealers – all employees other than vehicle salespersons*.

The sale of new or used boats, including the service or repair of boats when performed by the boat dealer, shall be classified as 8057, *Boat Dealers*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

MUNICIPAL, STATE OR OTHER PUBLIC AGENCIES	
AIRPORT OPERATORS – all employees – including field or hangar instructors	
See Classification 7429, <i>Airport Operators</i> .	
BUS, SHUTTLE VAN OR LIMOUSINE OPERATIONS – all employees	
See Classification 7382, <i>Bus, Shuttle Van or Limousine Operations</i> .	
CEMETERY OPERATION – all employees	
See Classification 9220(1), <i>Cemetery Operation</i> .	
CREMATORY OPERATION – all employees	
See Classification 9220(2), <i>Crematory Operation</i> .	
FIREFIGHTING OPERATIONS – not volunteers – all employees of Fire Department	7706
This classification applies to firefighting operations, including but not limited to emergency fire and rescue operations, fire hydrant testing, fire investigations and fire prevention services.	
Volunteers serving with or without remuneration shall be separately classified as 7707, <i>Firefighting Operations – volunteers, serving with or without remuneration</i> .	
Aerial firefighting operations shall be classified as 7424(1), <i>Aircraft Operation – other than agricultural or scheduled air carriers – members of flying crew</i> .	
FIREFIGHTING OPERATIONS – volunteers, serving with or without remuneration	7707
This classification applies to volunteers performing firefighting operations, including but not limited to emergency fire and rescue operations, fire hydrant testing, fire investigations and fire prevention services.	
The exposure for this classification shall be on a per capita basis.	
Aerial firefighting shall be classified as 7424(1), <i>Aircraft Operation – other than agricultural or scheduled air carriers – members of flying crew</i> .	
Also refer to Classification 7706, <i>Firefighting Operations – not volunteers</i> .	
HOUSING AUTHORITIES – including resident or on-site managers	9033
When lodging is provided by the employer, the total remuneration shall include the market value of such lodging to the employee.	
This classification applies to public agencies that provide housing or housing assistance to individuals in need. The housing authority may own and operate the housing or provide financial assistance in the form of housing vouchers, which allow clients to reside in approved housing operated by other concerns. This classification includes but is not limited to resident or on-site property managers and property maintenance or repair staff.	
On-site property managers are those employees whose base of operations is at any property location that they are employed to manage. The term “resident” shall refer to any employee who resides at a property managed by the employer.	
Employees engaged in property inspections to determine the eligibility of properties owned and operated by separate parties for rental subsidies shall be separately classified as 9410, <i>Municipal, State or Other Public Agency Employees – not engaged in manual labor, or direct supervision of construction or erection work</i> .	

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The preparation or serving of hot foods shall be separately classified as 9079(1), *Restaurants or Taverns*.

Day care centers operated by housing authorities shall be separately classified as 9059, *Day Care Centers*.

New construction, alteration or demolition work shall be separately classified.

INSTITUTIONAL EMPLOYEES – hospitals, skilled nursing facilities, residential care facilities for adults or residential care facilities for the aged – all employees – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons – not jail or prison employees **8830**

The payroll for student nurses or interns shall be included at an average wage of at least \$100 per week.

This classification applies to the operation of hospitals, skilled nursing facilities, residential care facilities for adults and residential care facilities for the elderly by public agencies. This classification includes all operations, including but not limited to patient and resident care, meal preparation and dining facility operation, laundry, facility and grounds maintenance, and housekeeping.

The provision of medical or nursing care to residents of correctional facilities shall be classified as 7720, *Police, Sheriffs, Marshals, Animal Control Officers, Fish and Wildlife Officers and Correctional Officers – including deputies – not volunteers*, or 7722, *Police, Sheriffs, Marshals, Animal Control Officers, Fish and Wildlife Officers and Correctional Officers – volunteers, serving with or without remuneration*.

IRRIGATION, DRAINAGE OR RECLAMATION WORKS OPERATION – all work incidental to maintenance and operation of irrigation, drainage or reclamation districts

See Classification 0251, *Irrigation, Drainage or Reclamation Works Operation*.

LIBRARIES – public – librarians or professional assistants – including Clerical Office Employees and Clerical Telecommuter Employees **8812**

This classification applies to librarians, professional library assistants, and clerical office or clerical telecommuter staff who engage in activities, including but not limited to conducting research, ordering books or publications, maintaining reference systems, assisting customers to locate or check out materials and performing general clerical or administrative functions.

With the exception of a single permanent job reassignment, it is not permissible to divide a single employee's payroll, within a single policy period, between this classification and any other classification.

OIL OR GAS GEOLOGISTS OR SCOUTS – including mapping of subsurface areas – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons	8601(2)
<p>The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.</p> <p>This classification applies to geologists or scouts who travel to potential oil drilling sites to observe and gather data that is compiled into reports that describe the probability that oil or gas deposits are present. This classification includes analyzing technical data from monitoring instruments and analyzing drilling mud or well cuttings to identify the types of subsurface formations in the region and the presence of hydrocarbons. This classification also applies to the geophysical exploration of subsurface areas using physical methods, including but not limited to seismic, gravitational, magnetic, electrical and electromagnetic methods to measure the physical properties of rock.</p> <p>Consulting engineers, including but not limited to civil, electrical, mechanical and mining engineers who do not perform oil or gas related operations as described above shall be classified as 8601(1), <i>Engineers</i>.</p> <p>Geologists or scouts who perform outside operations in connection with oil or gas well drilling or redrilling, oil or gas lease operations, or oil or gas pipeline operations by the employer shall be assigned to the applicable <i>Petroleum Industry Group</i> classification.</p>	
OIL OR GAS LEASE OPERATORS – all operations	1320
<p>This classification applies to operations performed by oil or gas lease operators at lease sites including but not limited to clearing land; building lease roads, slush pits, levees or fire walls; laying or taking up flow lines and water lines; installing and repairing oil field equipment, such as central pumping units, compressors, engines, oil and water separation units and steam generators; building maintenance; and lease beautification work.</p> <p>Drilling or redrilling, installation or recovery of casing, cementing, gravel packing, acidizing or hydraulic fracturing, tank building, refinery operations or gasoline recovery shall be separately classified.</p> <p>Contractors that perform a variety of operations at oil or gas lease sites shall be classified as 6216, <i>Oil or Gas Lease Work</i>.</p>	
OIL OR GAS LEASE WORK – N.O.C. – not lease operators	6216
This classification applies to contractors that perform a variety of operations at oil or gas lease sites for lease owners, including but not limited to clearing land; building lease roads, slush pits, levees or fire walls; laying or taking up flow lines and water lines; installing and repairing oil field equipment, such as central pumping units, compressors, engines, oil and water separation units and steam generators; building maintenance; and lease beautification work.	

Part 3 – Standard Classification System**Section VII – Standard Classifications**

This classification does not apply to a specialty contractor who performs a single construction or erection activity on an oil or gas lease site; such activity shall be assigned to the applicable construction or erection classification.

The operation of oil or gas leases by the lease operator shall be classified as 1320, *Oil or Gas Lease Operators*.

Pipeline construction, tank building, oil or gas storage tank painting, installation or recovery of casing, drilling or re-drilling, cementing, gravel packing, acidizing or hydraulic fracturing and all downhole well servicing, such as pulling and replacing rods, tubing and pumps, well cleaning and swabbing, shall be separately classified.

OIL OR GAS PIPELINE CONSTRUCTION – all operations**6233**

This classification applies to the construction of above and below ground oil or gas pipelines for other concerns on a fee basis. Construction operations include but are not limited to constructing pipe supports, excavating and backfilling trenches, connecting pipe and fittings and testing pipelines for leaks.

Pile driving, dredging or tunneling shall be separately classified.

OIL OR GAS PIPELINE OPERATION**7515**

This classification applies to employers that operate oil or gas pipelines to transport petroleum products from oil or gas lease sites to refineries and from refineries to ports or rail terminals for other concerns on a fee basis. This classification includes the repair and replacement of pipes and pipeline equipment, including but not limited to valves, compressors, pumps and flow meters.

The operation of wells or oil refining shall be separately classified.

OIL OR GAS REFINERIES – erection or repair – all operations**3719**

This classification applies to the erection and repair of oil or gas refineries and associated refinery equipment, including but not limited to casing head plants, cracking plants, polymerizing units, distillation units, compressor units, power plants, pumping units and piping.

This classification does not apply to a specialty contractor that performs a single construction or erection activity at an oil or gas refinery; such activity shall be assigned to the applicable construction or erection classification.

This classification shall not apply to storage tanks or pumping equipment that are not an integral part of the oil or gas refinery.

OIL OR GAS WELL SERVICING – N.O.C. – by contractors using well service or work-over rigs – no drilling or re-drilling – including Outside Salespersons**1322**

This classification applies to oil or gas well servicing contractors who perform downhole services, including but not limited to pulling and replacing rods, tubing and pumps, well cleaning or swabbing.

This classification does not apply to ancillary downhole services performed by the contractor engaged in well drilling or re-drilling operations.

OIL OR GAS WELLS – acidizing or hydraulic fracturing – all operations**6206(2)**

This classification applies to the pumping of acid and other fluids into oil or gas wells to stimulate or restore the flow of oil or gas.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

OIL OR GAS WELLS – cementing	6206(1)
<p>This classification applies to the pumping of cement into oil or gas wells to seal all or a portion of the well.</p> <p>Oil or gas well cementing in connection with oil or gas well drilling or redrilling operations by the employer shall be classified as 6235(1), <i>Oil or Gas Wells – drilling or redrilling</i>.</p>	
OIL OR GAS WELLS – drilling or redrilling – including installation of casing	6235(1)
<p>This classification applies to the drilling or redrilling of oil or gas wells and includes but is not limited to preparing the drill site, digging slush pits, installing well casings and maintaining or repairing the drill rig at the drill site.</p>	
OIL OR GAS WELLS – gravel packing	6206(4)
<p>This classification applies to the packing of gravel into oil or gas wells to enable the flow of oil or gas while reducing formation sand from entering the well stream.</p> <p>Oil or gas well gravel packing in connection with oil or gas well drilling or redrilling operations by the employer shall be classified as 6235(1), <i>Oil or Gas Wells – drilling or redrilling</i>.</p>	
OIL OR GAS WELLS – installation or recovery of casing	6235(2)
<p>This classification applies to the installation or removal of oil or gas well casing.</p>	
OIL OR GAS WELLS – perforating of casing – all operations	6237(2)
<p>This classification applies to the perforating of oil or gas well casing to allow the flow of oil or gas into the well.</p>	
OIL OR GAS WELLS – specialty tool companies – N.O.C. – all employees – including shop, yard or storage operations and outside supervisors	6213
<p>This classification applies to oil or gas well specialty tool companies who lease, without operating crews, special equipment, including but not limited to drilling, fishing or casing-cutting tools. This classification includes outside supervisors who provide advice to the customer as to the function and proper operation of the tool.</p> <p>Specialty oil or gas well tool companies that furnish operating crews with such equipment shall be separately classified.</p>	
OIL OR GAS WELLS – vacuum truck service companies – all operations	6206(3)
<p>This classification applies to the removal of materials, including but not limited to petroleum sludge, salt water and drilling mud, from oil or gas well drilling sites by use of vacuum trucks. This classification also applies to the removal of petroleum products from underground storage tanks by use of vacuum trucks.</p>	
OIL OR GAS WELLS – wireline service companies – including instrument logging or survey work in wells	6237(1)
<p>This classification applies to oil or gas well wireline operations, including but not limited to instrument logging or surveying. This classification also includes the use of slicklines to deliver and retrieve tools downhole.</p> <p>Oil or gas well wireline service operations in connection with oil or gas well drilling or redrilling operations by the employer shall be classified as 6235(1), <i>Oil or Gas Wells – drilling or redrilling</i>.</p>	

Part 3 – Standard Classification System**Section VII – Standard Classifications****OIL REFINING – petroleum****4740(1)**

This classification applies to the processing and refining of crude oil and reclaimed oil through a series of operations such as heating, distilling, fractionating, vaporizing and condensing to produce products such as gasoline, diesel fuel, petroleum naphtha, kerosene, heating oil, asphalt base and liquefied petroleum gas.

Oil producing shall be separately classified.

The refining of vegetable oil or waste cooking oil shall be classified as 4683(1), *Vegetable Oil Mfg. or Refining*.

PICTURE FRAME ASSEMBLY**2840(1)**

This classification applies to the assembly of picture frames, including the cutting and assembly of frame stock, matting and glass.

The manufacture of wood picture frame stock shall be separately classified as 2731, *Planing or Molding Mills*.

The custom framing of pictures or artwork, including picture frame assembly in connection with the framing, shall be classified as 2840(2), *Picture or Artwork Framing*.

Retail store operations shall be separately classified.

The manufacture of molded plastic components shall be separately classified.

PICTURE OR ARTWORK FRAMING – including frame assembly**2840(2)**

This classification applies to the custom framing of pictures or artwork and includes the cutting and assembly of frame stock, matting and glass and the assembly of picture frames in connection with the custom framing.

The manufacture of wood picture frame stock shall be separately classified as 2731, *Planing or Molding Mills*.

The assembly of picture frames not in connection with picture or artwork framing shall be classified as 2840(1), *Picture Frame Assembly*.

Retail store operations shall be separately classified.

The manufacture of molded plastic components shall be separately classified.

PILE DRIVING**6003(1)**

This classification applies to driving concrete, steel or wood piles into the earth to provide foundation support for buildings or other structures.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Pile driving operations in connection with wharf building shall be classified as 6003(2), *Wharf Building*.

Building foundation preparation work, including but not limited to the drilling of foundation holes and the subsequent construction of poured in place foundation piers to completion of the sub-structure, including incidental pile driving, shall be classified as 6258, *Foundation Preparation Work*.

PILLOW, QUILT, COMFORTER OR CUSHION MFG. – no mattress or box spring manufacturing 2571

This classification applies to the manufacture of pillows, quilts, comforters, cushions, stuffed animals, sleeping bags, moving blankets, industrial quilted products and similar non-clothing products that are filled with insulation, including but not limited to polyester fiber, foam, fiberglass batting or down. These operations may be conducted by hand or with the use of machinery such as sewing machines or automatic quilting machines.

The manufacture of pillows, quilts, comforters or cushions in connection with the manufacture of mattresses or box springs shall be classified as 2570, *Mattress or Box Springs Mfg. – including pillow, quilt, comforter or cushion manufacturing*.

Furniture upholstery operations, including the manufacture of pillows or cushions in connection with upholstery operations, shall be classified as 9522(2), *Upholstering – furniture*. Upholstery operations shall be classified as 9522(1), *Upholstering – N.O.C.*, when there is not another classification that more accurately describes the operation.

PIPE, TUBE OR EXTRUSION MFG. – metal – not iron or steel

See Metal Working Classifications.

PLANING OR MOLDING MILLS 2731

This classification applies to the production of finished lumber, flooring, moldings, paneling, picture frame stock or unassembled millwork.

Yard employees receiving incoming materials or stocking, grading or loading finished milled products, including drivers and their helpers, shall be separately classified as 8232(1), *Lumberyards*.

Building material dealers or fuel and material dealers shall be separately classified as 8232(2), *Building Material Dealers*, or 8232(3), *Fuel and Material Dealers*.

Forest engineering or timber cruising operations shall be separately classified as 8601(4), *Forest Engineers*.

PLASTER BOARD MFG. 4036

This classification applies to the manufacture of plaster or gypsum building materials in sheet form, including but not limited to drywall (wallboard).

The manufacture of non-structural ornamental plaster or concrete products shall be classified as 4038(1), *Plaster or Concrete Statuary or Ornament Mfg.*

Drivers and their helpers shall be separately classified as 8232(2), *Building Material Dealers*.

Quarrying, crushing or grinding shall be separately classified.

PLASTER MILLS 1741(2)

This classification applies to the crushing or grinding of materials, including but not limited to clay, limestone and gypsum, to powder form.

Mining, quarrying, or sand, gravel or clay digging shall be separately classified.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Employees engaged exclusively in delivery of the finished product shall be separately classified as 8232(2), *Building Material Dealers*.

PLASTER OR CONCRETE STATUARY OR ORNAMENT MFG. – shop or yard work only 4038(1)

This classification applies to the manufacture of non-structural ornamental plaster or concrete products, including but not limited to garden statuary, fountains, mantels, columns, panels, moldings, vases and statues. This classification also applies to the manufacture of cement coated expanded polystyrene foam architectural decorative trim items. This classification does not apply to operations performed at construction sites.

The manufacture of concrete building products within a shop or yard location shall be classified as 4034, *Concrete Products Mfg.*

The manufacture of plaster or gypsum building materials in sheet form shall be classified as 4036, *Plaster Board Mfg.*

The manufacture of decorative or architectural clay or terra cotta products shall be classified as 4049, *Pottery Products Mfg.*

PLASTERING OR STUCCO WORK – employees whose regular hourly wage does not equal or exceed \$36.00 per hour 5484

This classification applies to the application of plaster, including veneer plaster, or stucco onto interior and exterior building surfaces.

This classification also applies to the application of fireproofing materials onto structural steel members and the application of cement-based pigmented coatings (fog coat) to stucco surfaces.

Lathing operations shall be separately classified as 5443, *Lathing*.

Swimming pool plastering shall be classified as 5201(1)/5205(1), *Concrete or Cement Work*.

PLASTERING OR STUCCO WORK – employees whose regular hourly wage equals or exceeds \$36.00 per hour 5485

Assignment of this classification is subject to verification at the time of final audit that the employee's regular hourly wage equals or exceeds \$36.00 per hour. The payroll of an employee whose regular hourly wage is not shown to equal or exceed \$36.00 per hour shall be classified as 5484, *Plastering or Stucco Work*.

This classification applies to the application of plaster, including veneer plaster, or stucco onto interior and exterior building surfaces.

This classification also applies to the application of fireproofing materials onto structural steel members and the application of cement-based pigmented coatings (fog coat) to stucco surfaces.

Lathing operations shall be separately classified as 5443, *Lathing*.

Swimming pool plastering shall be classified as 5201(1)/5205(1), *Concrete or Cement Work*.

PLASTIC PRODUCTS MANUFACTURING

The following grouping includes classifications applicable to the manufacturing and fabrication of plastic materials to produce an end-product that is not specifically described by another classification. These classifications include printing and labeling that is performed in connection with plastic manufacturing or fabrication operations.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Pursuant to Part 3, Section II, Rule 17, a classification having a N.O.C. (not otherwise classified) qualifier shall not be used if another classification more accurately describes the operation. As such, the following group does not include all possible classifications applicable to the manufacture or fabrication of plastic products. When possible, employers engaged in the manufacture of a plastic product shall be assigned to the classification that specifically describes the employer's product. However, in those cases where no specific product classification exists, the employer shall be assigned to the appropriate *Plastics* classification listed below.

PLASTIC GOODS MFG. – N.O.C.**4478**

This classification applies to the manufacture of plastic goods using methods and materials that are not more specifically described by another *Plastic Products Manufacturing* Industry Group classification, including but not limited to liquid resin casting or molding, dip molding, compression molding, rotational molding, plastic grinding, expanded polystyrene foam block molding and cultured or synthetic marble products manufacturing.

The entire payroll of a tool and die department shall be classified as follows:

- If 50% or more of the department's total time is devoted to the maintenance or repair (not manufacture or modification) of molds and dies used in the employer's production operations, the department shall be classified as 4478; otherwise, the department shall be separately classified as 3099, *Tool Mfg.*
- If more than 50% of the department's total time is devoted to the manufacture or modification (not maintenance or repair) of molds or dies (irrespective of the end user), or the maintenance or repair of customers' molds and dies that are not used in the employer's production operations, the department shall be separately classified as 3099, *Tool Mfg.*; otherwise, the department shall be classified as 4478.

PLASTICS – blow molded products mfg. – N.O.C.**4494**

This classification applies to the manufacture of blow molded plastic products, including but not limited to plastic bottles and containers.

The entire payroll of a tool and die department shall be classified as follows:

- If 50% or more of the department's total time is devoted to the maintenance or repair (not manufacture or modification) of molds and dies used in the employer's production operations, the department shall be classified as 4494; otherwise, the department shall be separately classified as 3099, *Tool Mfg.*
- If more than 50% of the department's total time is devoted to the manufacture or modification (not maintenance or repair) of molds or dies (irrespective of the end user), or the maintenance or repair of customers' molds and dies that are not used in the employer's production operations, the department shall be separately classified as 3099, *Tool Mfg.*; otherwise, the department shall be classified as 4494.

PLASTICS – extrusion molded products mfg. – N.O.C.**4495**

This classification applies to the manufacture of extrusion molded plastic products, including but not limited to sheet plastic; plastic pellets; rod, tube and pipe stock; hose and bubble wrap.

The manufacture of plastic bags shall be classified as 4286, *Bag Mfg. – plastic.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The entire payroll of a tool and die department shall be classified as follows:

- If 50% or more of the department's total time is devoted to the maintenance or repair (not manufacture or modification) of molds and dies used in the employer's production operations, the department shall be classified as 4495; otherwise, the department shall be separately classified as 3099, *Tool Mfg.*
- If more than 50% of the department's total time is devoted to the manufacture or modification (not maintenance or repair) of molds or dies (irrespective of the end user), or the maintenance or repair of customers' molds and dies that are not used in the employer's production operations, the department shall be separately classified as 3099, *Tool Mfg.*; otherwise, the department shall be classified as 4495.

PLASTICS – fabricated products mfg. – no molding – N.O.C.**4496**

This classification applies to the manufacture of plastic products, including but not limited to display cases and stands, picture frames, furniture parts and countertops using processes such as machining, bending, grinding, polishing or assembling. This classification also applies to the cutting, shaping and assembly of molded foam.

PLASTICS – fiber reinforced plastic products mfg. – N.O.C.**4497**

This classification applies to the manufacture of fiber reinforced plastic products, including but not limited to shower stalls, hot tubs, machinery cabinets, golf club shafts, fishing poles and automobile body parts, using materials such as thermosetting fiber, reinforced plastics, fiberglass and carbon fiber. Manufacturing processes include but are not limited to hand or spray lay-up, fiber filament wrapping and winding, transfer molding, resin injection molding and compression molding. This classification also includes finishing and fabrication operations associated with the manufacture of fiber reinforced plastic products, including but not limited to shaping, grinding, sanding, trimming and assembly.

The manufacture of glass fiber or carbon fiber fabrics that have been pre-impregnated with epoxy resin shall be classified as 2413, *Textiles*.

The entire payroll of a tool and die department shall be classified as follows:

- If 50% or more of the department's total time is devoted to the maintenance or repair (not manufacture or modification) of molds and dies used in the employer's production operations, the department shall be classified as 4497; otherwise, the department shall be separately classified as 3099, *Tool Mfg.*
- If more than 50% of the department's total time is devoted to the manufacture or modification (not maintenance or repair) of molds or dies (irrespective of the end user), or the maintenance or repair of customers' molds and dies that are not used in the employer's production operations, the department shall be separately classified as 3099, *Tool Mfg.*; otherwise, the department shall be classified as 4497.

PLASTICS – injection molded products mfg. – N.O.C.**4498**

This classification applies to the manufacture of injection molded plastic products, including but not limited to fittings, knobs, O-rings, valve bodies, housings, plastic wheels, nozzles, handles, and bottle caps or closures.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The entire payroll of a tool and die department shall be classified as follows:

- If 50% or more of the department's total time is devoted to the maintenance or repair (not manufacture or modification) of molds or dies used in the employer's production operations, the department shall be classified as 4498; otherwise, the department shall be separately classified as 3099, *Tool Mfg.*
- If more than 50% of the department's total time is devoted to the manufacture or modification (not maintenance or repair) of molds or dies (irrespective of the end user) or the maintenance or repair of customers' molds or dies that are not used in the employer's production operations, the department shall be separately classified as 3099, *Tool Mfg.*; otherwise, the department shall be classified as 4498.

PLASTICS – thermoformed products mfg. – N.O.C.**4499**

This classification applies to the manufacture of thermoformed or vacuum formed plastic products, including but not limited to containers, packaging materials, computer parts and panels.

This classification includes secondary machining operations, including but not limited to routing, drilling and grinding and assembly.

The entire payroll of a tool and die department shall be classified as follows:

- If 50% or more of the department's total time is devoted to the maintenance or repair (not manufacture or modification) of molds and dies used in the employer's production operations, the department shall be classified as 4499; otherwise, the department shall be separately classified as 3099, *Tool Mfg.*
- If more than 50% of the department's total time is devoted to the manufacture or modification (not maintenance or repair) of molds or dies (irrespective of the end user), or the maintenance or repair of customers' molds and dies that are not used in the employer's production operations, the department shall be separately classified as 3099, *Tool Mfg.*; otherwise, the department shall be classified as 4499.

PLATE STEEL PRODUCTS FABRICATION – N.O.C.

See Metal Working Classifications.

PLUMBING – including shop, yard or storage operations – gas, steam, hot water or other pipe fittings installation, including house connections installation – employees whose regular hourly wage does not equal or exceed \$31.00 per hour – N.O.C. 5183(1)

This classification applies to the installation, service or repair of plumbing systems, including but not limited to piping, valves, faucets, toilets, sinks, showers, bathtubs, water heaters and water heating systems within the property line of commercial or residential properties. This classification also applies to drain clearing operations for pipe that does not exceed 6" in diameter. This classification includes excavation operations performed by the same employer in support of its plumbing operations.

This classification also applies to the installation or repair of solar water heating systems, swimming pool plumbing, water meters or central vacuum systems. This classification also applies to the installation or repair of radiators used for heating, oil or gas burners, burner dampers, air diffusers or burner rings.

This classification also applies to the installation or repair of outdoor sprinkler systems provided the employer is not primarily engaged in landscape gardening operations at the same job or location. If the employer is primarily engaged in landscape gardening at a particular job or location, sprinkler installation or repair at such job or location shall be classified as 0042, *Landscape Gardening*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The installation of underground water, gas or sewer lines along streets or roads shall be classified as 6315(1)/6316(1), *Water Mains or Connections Construction*, 6315(2)/6316(2), *Gas Mains or Connections Construction*, or 6307/6308, *Sewer Construction*, respectively.

The installation of sewer lines within property lines where the sewer pipe exceeds 6" in diameter shall be classified as 6307/6308, *Sewer Construction*.

The cleaning of sewer lines within property lines where the sewer pipe exceeds 6" in diameter shall be classified as 9402, *Sewer, Tank or Hazardous Spill Cleaning*.

The installation, service or repair of water softening, conditioning or filtration systems shall be classified as 9519(4), *Water Softening, Conditioning or Filtration Systems*.

Automatic fire suppression sprinkler system installation within buildings shall be classified as 5185/5186, *Automatic Sprinkler Installation*.

PLUMBING – including shop, yard or storage operations – gas, steam, hot water or other pipe fittings installation, including house connections installation – employees whose regular hourly wage equals or exceeds \$31.00 per hour – N.O.C. 5187(1)

Assignment of this classification is subject to verification at the time of final audit that the employee's regular hourly wage equals or exceeds \$31.00 per hour. The payroll of an employee whose regular hourly wage is not shown to equal or exceed \$31.00 per hour shall be classified as 5183(1), *Plumbing*.

This classification applies to the installation, service or repair of plumbing systems, including but not limited to piping, valves, faucets, toilets, sinks, showers, bathtubs, water heaters and water heating systems within the property line of commercial or residential properties. This classification also applies to drain clearing operations for pipe that does not exceed 6" in diameter. This classification includes excavation operations performed by the same employer in support of its plumbing operations.

This classification also applies to the installation or repair of solar water heating systems, swimming pool plumbing, water meters or central vacuum systems. This classification also applies to the installation or repair of radiators used for heating, oil or gas burners, burner dampers, air diffusers or burner rings.

This classification also applies to the installation or repair of outdoor sprinkler systems provided the employer is not primarily engaged in landscape gardening operations at the same job or location. If the employer is primarily engaged in landscape gardening at a particular job or location, sprinkler installation or repair at such job or location shall be classified as 0042, *Landscape Gardening*.

The installation of underground water, gas or sewer lines along streets or roads shall be classified as 6315(1)/6316(1), *Water Mains or Connections Construction*, 6315(2)/6316(2), *Gas Mains or Connections Construction*, or 6307/6308, *Sewer Construction*, respectively.

The installation of sewer lines within property lines where the sewer pipe exceeds 6" in diameter shall be classified as 6307/6308, *Sewer Construction*.

The cleaning of sewer lines within property lines where the sewer pipe exceeds 6" in diameter shall be classified as 9402, *Sewer, Tank or Hazardous Spill Cleaning*.

The installation, service or repair of water softening, conditioning or filtration systems shall be classified as 9519(4), *Water Softening, Conditioning or Filtration Systems*.

Automatic fire suppression sprinkler system installation within buildings shall be classified as 5185/5186, *Automatic Sprinkler Installation*.

PRINTING, PUBLISHING AND DUPLICATING**BOOKBINDING OPERATION – all other employees – including counterpersons and drivers and their helpers** **4299(2)**

This classification applies to bookbinding for other concerns on a fee basis. This classification includes secondary finishing operations, including but not limited to incidental printing, embossing or stamping operations on bound items.

This classification also applies to the manufacture of binders or albums from materials, including but not limited to leather, fabric or vinyl, and to the manufacture of felt erasers for use with whiteboards or chalkboards.

Bindery operations performed in support of commercial printing operations shall be assigned to the appropriate printing classification.

Also refer to companion Classification 8813(2), *Bookbinding Operation – editing, designing, proofreading and photographic composing.*

Part 3 – Standard Classification System**Section VII – Standard Classifications**

BOOKBINDING OPERATION – editing, designing, proofreading or photographic composing – including Clerical Office Employees and Clerical Telecommuter Employees	8813(2)
<p>This classification applies to pre-bindery activities of employers engaged in bookbinding or binder manufacturing operations. Pre-bindery activities include but are not limited to editing, designing, proofreading, and photographic composition, including negative stripping and plate making.</p>	
<p>Also refer to companion Classification 4299(2), <i>Bookbinding Operation – all other employees</i>.</p>	
DOCUMENT DUPLICATION OR PHOTOCOPYING SERVICE – all employees – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons	8019(2)
<p>This classification applies to locations at which document duplication or photocopying services are performed on a fee basis using electrostatic copiers, scanners, ink jet or laser printers on paper of any size, and includes self-serve duplication or photocopying services. This classification includes incidental bindery operations in support of duplication and photocopying services.</p>	
<p>Locations at which offset printing is performed shall be classified as 4299(1), <i>Printing Operation – all other employees</i>, or 8019(1), <i>Printing – quick printing</i>.</p>	
<p>Employers that provide legal support services, including document duplication or scanning in connection therewith, on a fee basis shall be classified as 8821, <i>Law Firm Support Services</i>.</p>	
ELECTRONIC PRE-PRESS – all operations – including Clerical Office Employees and Clerical Telecommuter Employees	4297(1)
<p>This classification applies to the production of computer generated typeset materials or color separations, including all incidental camera work, that are used by separate concerns in connection with commercial printing operations.</p>	
<p>This classification does not apply when electronic pre-press operations are performed by an employer in connection with its own operations. Such operations shall be assigned to the applicable classification.</p>	
GRAPHIC DESIGN – all operations – including Clerical Office Employees and Clerical Telecommuter Employees	4297(2)
<p>This classification applies to the production of camera-ready layouts by combining text, photographs, artwork and graphics for use in commercial printing operations performed by separate concerns.</p>	
<p>This classification does not apply when graphic design operations are performed by an employer in connection with its own operations. Such operations shall be assigned to the applicable classification.</p>	
NEWS AGENTS OR DISTRIBUTORS OF MAGAZINES OR OTHER PERIODICALS – not retail dealers – including Outside Salespersons	8745
<p>This classification applies to the wholesale distribution of newspapers, magazines or periodicals.</p>	
<p>The sale or delivery of newspapers to customers for their personal use and not for resale shall be separately classified as 4312, <i>Newspaper Delivery</i>.</p>

The installation of photovoltaic solar panels shall be separately classified as 3724(2), *Electrical Machinery or Auxiliary Apparatus*.

RUBBER GOODS MFG. – N.O.C. 4410

This classification applies to the manufacture of synthetic, natural or silicone rubber products, including but not limited to tubing, plugs, seals, doormats, rubber gloves, hoses and other rubber products not more specifically described by another classification. This classification also applies to the manufacture of automobile, truck and aircraft tires.

Gasket manufacturing shall be classified as 4983, *Gasket Mfg.*

Rubber tire recapping or retreading shall be classified as 4420, *Rubber Tire Recapping or Retreading*.

The manufacture of plastic products shall be assigned to the applicable *Plastic Products Manufacturing* Industry Group classification.

RUBBER TIRE DEALERS – including estimators, service writers, customer service representatives and cashiers, and accessories and spare parts departments

See Automotive Industry.

RUBBER TIRE RECAPPING OR RETREADING 4420

This classification applies to the retreading or recapping of used tires, including but not limited to automobile, truck and aircraft tires.

The manufacture of new rubber tires shall be classified as 4410, *Rubber Goods Mfg.*

Sales or service operations shall be separately classified using the applicable *Automotive or Aircraft Operation* Industry Group classification.

Part 3 – Standard Classification System**Section VII – Standard Classifications****S****SALESPERSONS – Outside****8742**

Assignment of this classification is subject to the Standard Exceptions rule. See Part 3, Section III, Rule 4, *Standard Exceptions*.

SALT PRODUCTION – by solar evaporation exclusively**4000(3)**

This classification applies to the production and processing of salt from seawater, which includes but is not limited to the pumping of seawater into evaporation ponds, and washing, crushing, sizing and packaging of salt. This classification also applies to the production of borax and potash.

Mining of salt, borax or potash shall be separately classified.

SAND OR GRAVEL DIGGING – including construction, repair or maintenance of all buildings, structures or equipment and installation of machinery**4000(1)**

This classification applies to sand or gravel digging and includes the processing of the sand or gravel, including but not limited to washing, screening, stockpiling or bagging, when 25% or less of the excavated material is crushed or ground.

If more than 25% of the excavated material is crushed or ground, all sand, gravel or clay processing, including but not limited to crushing, grinding, washing, screening and bagging, shall be separately classified as 1710, *Stone Crushing*, unless all crushed product will pass through an 8-mesh or finer screen, in which case the operations shall be separately classified as 1741(1), *Silica Grinding*.

Canal, sewer or cellar excavation or mining shall be separately classified.

Employees engaged exclusively in the delivery of the finished product shall be separately classified as 8232(2), *Building Material Dealers*.

SANDWICH SHOPS – not restaurants – N.O.C.**8078(1)**

This classification applies to the preparation, serving or sale of cold food items such as sandwiches, salads and side dishes that are prepared for consumption by the walk-in trade. This classification shall apply to each separate location at which the sale of prepared cold food items for consumption on or away from the premises equals or exceeds 50% of gross receipts.

Cold food items are foods that are prepared and served cold or cooked in advance of orders and allowed to cool. This classification includes the incidental warming of cold food items using microwave ovens, toaster ovens or heat lamps and the preparation of sandwiches with meats that are kept warm in a steam table.

UNMANNED AIRCRAFT SYSTEM MFG. – aircraft system and payload total combined weight of 55 pounds or heavier 3830(2)

This classification applies to the manufacture of Unmanned Aircraft Systems (aerial drones) with an aircraft system and payload total combined weight of 55 pounds or heavier. This classification includes the shop repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier when performed by the manufacturer.

The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier, including but not limited to test flight operations performed by the manufacturer shall be classified in accordance with Section III, Rule 6, *General Exclusions*. The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier used for other than agricultural operations shall be separately classified as 7428(1), *Aircraft Operation – other than agricultural or scheduled air carriers – not members of the flying crew*. The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier used for agricultural operations, including but not limited to dusting, spraying and seeding, shall be separately classified as 7410, *Aircraft Operation – agricultural – dusting, spraying or seeding – not members of the flying crew*.

The manufacture and fee-based shop repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds shall be classified as 3681(1), *Instrument Mfg. – electronic*.

The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds, including but not limited to test flights performed by the manufacturer shall be classified in accordance with Section III, Rule 5, *General Inclusions*.

The repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier on a fee basis, or repair work performed by the manufacturer away from shop shall be separately classified as 7428(3), *Aircraft Remanufacture, Conversion, Modification and Repair Companies*.

UNMANNED AIRCRAFT SYSTEM OPERATION – aircraft system and payload total combined weight of less than 55 pounds – including Outside Salespersons 8720(4)

This classification applies to the operating crew of Unmanned Aircraft Systems (aerial drones) with an aircraft system and payload total combined weight of less than 55 pounds that are operated on a fee basis. This classification includes shop or field repair of Unmanned Aircraft Systems (aerial drones) in connection with such operations.

This classification also applies to the operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds that are operated in support of the employer's construction or erection operations, provided the operating crew members are engaged exclusively in such operations, or are engaged in such work for any portion of their time and devote the balance of their time to clerical office duties or outside sales. Employees who are members of an Unmanned Aircraft Systems (aerial drone) operating crew and also perform or supervise construction or erection operations shall be classified based on the construction or erection operations they supervise or perform. See Section IV, Rule 2, *Construction or Erection Work*.

When performed in connection with an employer's own operations, other than construction or erection, the operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds shall be classified in accordance with Section III, Rule 5, *General Inclusions*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

Operation of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier shall be classified in accordance with Section III, Rule 6, *General Exclusions*. The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier used for other than agricultural operations shall be separately classified as 7428(1), *Aircraft Operation – other than agricultural or scheduled air carriers – not members of the flying crew*. The operating crew of Unmanned Aircraft Systems (aerial drones) with a total combined weight of 55 pounds or heavier used for agricultural operations, including but not limited to dusting, spraying and seeding, shall be separately classified as 7410, *Aircraft Operation – agricultural – dusting, spraying or seeding – not members of the flying crew*.

Unmanned Aircraft Systems (aerial drones) operating crew members working remotely from a home or office location with no exposure outside of the clerical office shall be classified as 8810, *Clerical Office Employees*, or 8871, *Clerical Telecommuter Employees*, subject to the Standard Exceptions rule. See Section III, Rule 4, *Standard Exceptions*.

The fee-based repair of Unmanned Aircraft Systems (aerial drones) with a total combined weight of less than 55 pounds away from shop shall be separately classified as 5128, *Instrument Installation, Service or Repair*.

UPHOLSTERING – coffin or casket**9522(4)**

This classification applies to the upholstering of coffins or caskets.

The manufacture or assembly of wood coffins or caskets shall be separately classified as 2881(2), *Coffin or Casket Mfg. or Assembling – wood*.

The manufacture or assembly of metal coffins or caskets shall be separately classified as 3076(1), *Furniture Mfg. – metal*.

UPHOLSTERING – furniture**9522(2)**

This classification applies to upholstering furniture in connection with new furniture manufacturing operations or reupholstering existing furniture, including manufacturing pillows or cushions in connection with upholstery operations. This classification also applies to refelting pool tables or upholstering modular office partition panels.

Wall padding or upholstery shall be classified as 9521(1), *House Furnishings*.

Manufacturing pillows or cushions not in connection with upholstery operations shall be classified as 2571, *Pillow, Quilt, Comforter or Cushion Mfg.*

Manufacturing wood furniture frames shall be separately classified as 2883, *Furniture Mfg. – wood*.

Assembling wood furniture frames exclusively from parts fabricated by others with no furniture parts fabrication shall be separately classified as 2881(1), *Furniture Assembling*.

Upholstering coffins or caskets shall be classified as 9522(4), *Upholstering – coffin or casket*.

Upholstering wheelchairs shall be classified as 9522(5), *Upholstering – wheelchair*.

Manufacturing metal furniture frames shall be separately classified as 3076(1), *Furniture Mfg. – metal*.

UPHOLSTERING – N.O.C.**9522(1)**

This classification applies to upholstering when there is no other classification that more accurately describes the operations. This classification includes manufacturing pillows or cushions in connection with upholstery operations. This classification also applies to upholstery operations in connection with cabinet manufacturing or to binding the edges of carpet material to produce area rugs or mats.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

This classification does not apply to upholstery performed by an employer in connection with manufacturing or repair operations; such operations shall be assigned to the applicable manufacturing or repair classification unless division of payroll is specifically directed by the phraseology of a classification.

Upholstering furniture, including manufacturing pillows or cushions in connection with upholstery operations, shall be classified as 9522(2), *Upholstering – furniture*.

Manufacturing pillows or cushions not in connection with upholstery operations shall be classified as 2571, *Pillow, Quilt, Comforter or Cushion Mfg.*

Upholstering automobile interiors or installing or replacing vinyl or convertible tops shall be classified as 9522(3), *Automobile Upholstering*.

Upholstering coffins or caskets shall be classified as 9522(4), *Upholstering – coffin or casket*.

Upholstering wheelchairs shall be classified as 9522(5), *Upholstering – wheelchair*.

Wall padding or upholstery shall be classified as 9521(1), *House Furnishings*.

Cabinet manufacturing shall be separately classified as 2812, *Cabinet Mfg.*

UPHOLSTERING – wheelchair**9522(5)**

This classification applies to the upholstery of wheelchair or mobility scooter seats or backs.

The manufacture or assembly of metal wheelchairs shall be classified as 3076(6), *Wheelchair Mfg.*

The repair of motorized wheelchairs or mobility scooters, other than shop repair by the manufacturer, shall be classified as 9519(1), *Household Appliances*.

V

VALVE MFG. – N.O.C.**3634**

This classification applies to the manufacture or shop repair of various types of valves, including but not limited to gas valves, gate valves, globe valves, oil well head valves, pneumatic and hydraulic valves, steam valves, water faucets and fire hydrants; however, the manufacture or shop repair of valves for use in aircraft, automobiles or trucks, or swimming pools or spas shall be separately classified.

The installation, service and repair of valves away from the shop shall be separately classified as 3724(1), *Millwright Work*.

VEGETABLE OIL MFG. OR REFINING – N.O.C.

See Food Packaging and Processing.

VEGETABLES – fresh vegetable and tomato packing and handling – including storage

See Food Packaging and Processing.

VENDING OR COIN-OPERATED MACHINES – installation, service or repair – including storage, shop and outside operations and Outside Salespersons**5192**

This classification applies to the installation, service or repair of vending machines at customers' locations and also includes shop repair. This classification includes stocking vending machines with merchandise, including but not limited to candy, gum, toys, soft drinks, coffee and video media for sale to customers, and the collection of money from vending or coin-operated machines operated by the employer and for other concerns on a fee basis.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The manufacture of vending machines shall be separately classified.

The installation or repair of automated teller machines shall be classified as 5191, *Office Machine or Point of Sale Equipment Installation, Service or Repair*.

VENEER OR VENEER PRODUCTS MFG. – N.O.C.**2915**

This classification applies to the manufacture of wood veneer and wood laminate products, including but not limited to plywood, table tops, engineered hardwood flooring and wood paneling.

The manufacture of wood furniture, including incidental veneer manufacturing, shall be classified as 2883, *Furniture Mfg. – wood*.

VIDEO POST-PRODUCTION – computer or electronic – all employees – including Clerical Office Employees, Clerical Telecommuter Employees and Outside Salespersons**7607(1)**

The entire remuneration of each employee shall be included, subject to a maximum of \$154,700 per year. When the policy is in force for less than a 12-month period, the maximum payroll amount shall be prorated based upon the number of weeks in the policy period.

This classification applies to employers engaged exclusively in computer or electronic video post-production operations for other concerns in connection with motion pictures, television features, commercials or similar productions, on a contract basis.

This classification does not apply to computer or electronic video post-production operations performed in connection with motion pictures, television features, commercials or similar productions by the same employer; such operations shall be classified as 8810, *Clerical Office Employees*, or 8871, *Clerical Telecommuter Employees*, subject to the Standard Exceptions rule. See Section III, Rule 4, *Standard Exceptions*.

Non-computer or non-electronic post-production operations, including but not limited to developing film, production of prints by exposing raw film stock, or editing film prints by cutting or splicing shall be classified as 4362, *Motion Pictures – negative and print processors, distributors and film exchanges*.

WAREHOUSES – climate controlled storage 8291(2)

This classification applies to the storage of items, including but not limited to wine and artwork, at controlled temperatures at or above 45° Fahrenheit to prevent damage or deterioration.

The storage of items below 45° Fahrenheit shall be classified as 8291(1), *Warehouses – cold storage*.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The storage of merchandise without cooling or climate control shall be classified as 8292, *Warehouses – general merchandise*.

The operation of self-storage warehouses and facilities shall be classified as 8290, *Warehouses – self-storage – all other employees*.

WAREHOUSES – cold storage**8291(1)**

This classification applies to the cold storage of items, including but not limited to meat, dairy products and live plants at temperatures below 45° Fahrenheit on a fee basis. This classification also applies to the cold storage and precooling of field packed or prepacked produce by employers that hold title to the stored or precooled produce, or by employers that store or precool produce on a contract basis.

Storage at controlled temperatures at or above 45° Fahrenheit shall be classified as 8291(2), *Warehouses – climate controlled storage*.

This classification does not apply to cold storage or precooling operations in connection with fruit or vegetable packing or handling by the same employer.

The packing and handling of fresh vegetables and tomatoes, including incidental storage or precooling shall be classified as 8209, *Vegetables*.

The packing and handling of fresh deciduous fruit, including incidental storage or precooling, shall be classified as 2107, *Fruit – fresh fruit packing and handling*.

The storage of merchandise without cooling or climate control shall be classified as 8292, *Warehouses – general merchandise*.

The operation of self-storage warehouses and facilities shall be classified as 8290, *Warehouses – self-storage – all other employees*.

WAREHOUSES – cotton – including cotton compressing**0400**

This classification applies to the storage of cotton for other concerns on a fee basis and includes incidental cotton compressing. This classification also applies to cotton dealers or merchants.

The cultivation and harvesting of cotton shall be separately classified as 0171, *Field Crops*.

This classification does not apply to cotton gin operations; all operations, including the storage, compressing, sale and distribution of cotton in connection with cotton gin operations shall be classified as 0401, *Cotton Gin Operation*.

Cotton batting manufacturing shall be classified as 2222, *Spinning, Weaving or Fiber Processing*.

WAREHOUSES – furniture – including packing, handling and transport away from the employer's premises in connection with storage**8293(1)**

This classification applies to the storage of furniture or household goods for other concerns on a fee basis, including packing or handling away from the employer's premises in connection with storage. This classification includes the moving of furniture or household goods in connection with storage operations.

Self-storage warehouses shall be classified as 8290, *Warehouses – self-storage – all other employees*.

The storage of general merchandise for other concerns on a fee basis shall be classified as 8292, *Warehouses – general merchandise*, when no other classification more specifically describes the operations.

Part 3 – Standard Classification System**Section VII – Standard Classifications**

The storage of portable storage units, regardless of their contents, shall be classified as 8292, *Warehouses – general merchandise*.

The storage of new furniture for furniture manufacturers or stores shall be classified as 8292, *Warehouses – general merchandise*.

The transporting of furniture or household goods for other concerns on a fee basis, including packing and handling, with no fee-based storage operations shall be classified as 8293(2), *Furniture Moving*.

The transporting of furniture under contract for furniture manufacturers or stores shall be classified as 7219(1), *Trucking Firms*.

WAREHOUSES – general merchandise – N.O.C.**8292**

This classification applies to the storage of general merchandise, including new furniture, for separate concerns on a fee basis when no other classification more specifically describes the operations. This classification also applies to document storage, the storage of portable storage units regardless of their contents, or the crating of merchandise on a fee basis.

Storage of household goods or furniture (not new furniture for furniture stores or manufacturers) for separate concerns on a fee basis shall be classified as 8293(1), *Warehouses – furniture*.
